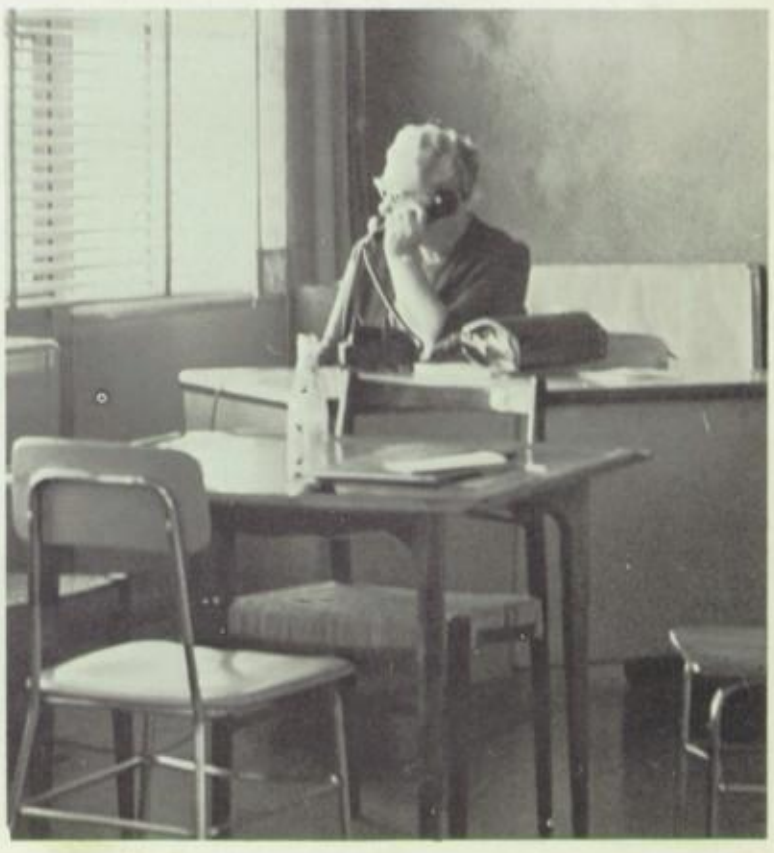
DEDICATION

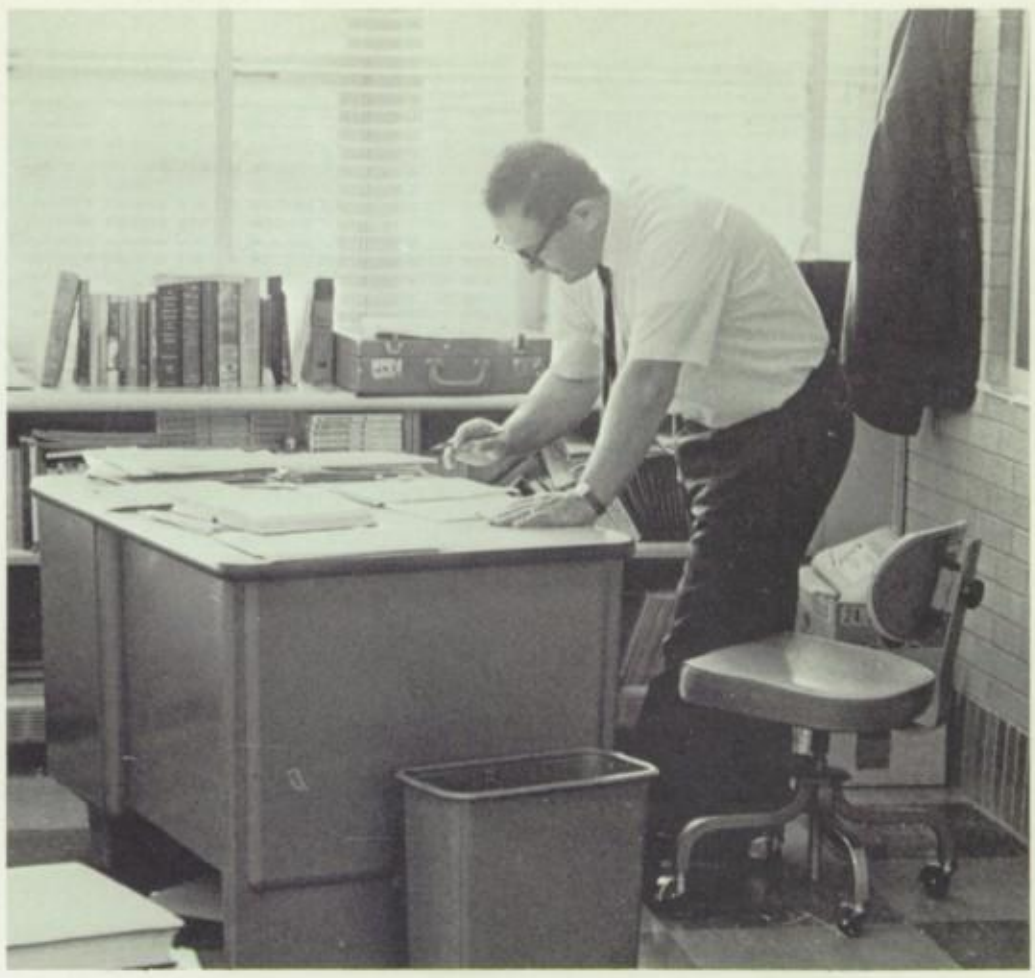
The *1967 Bear* is dedicated to Mrs. Alice Gilderhus, modern problems teacher who has taught in the Bloomington school system for twenty years. Because of her extensive reading, study, and experience, she is able to propose solutions to economic, political, and social modern problems. Mrs. Gilderhus is the kind of teacher to whom students come back to say thank you.



If at first you don't succeed,
You're about average.

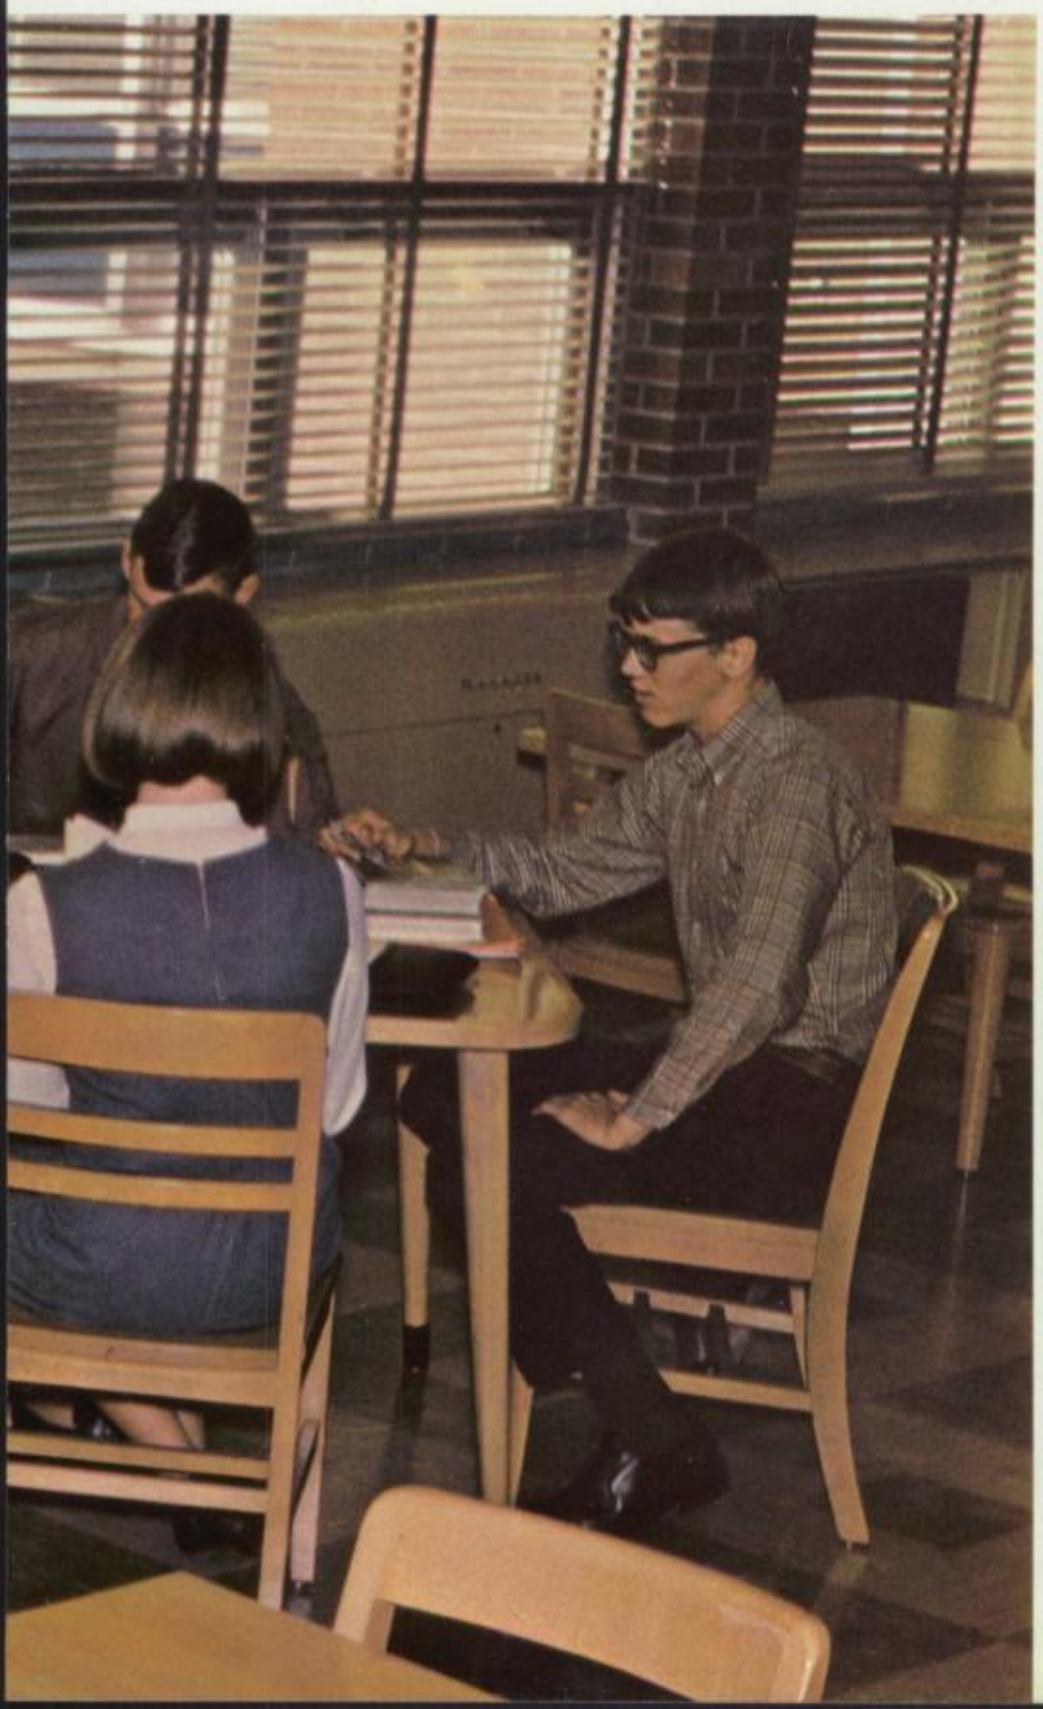
WE APPRECIATE

The teachers at Lincoln High School are indeed dedicated to their profession. As their students we express our gratitude for their concern, patience, understanding, enthusiasm, and their sense of humor. Their contributions are endless ones of good examples, fine values, mature judgments, and careful guidance. What more can we say ... WE APPRECIATE.



WE QUESTION

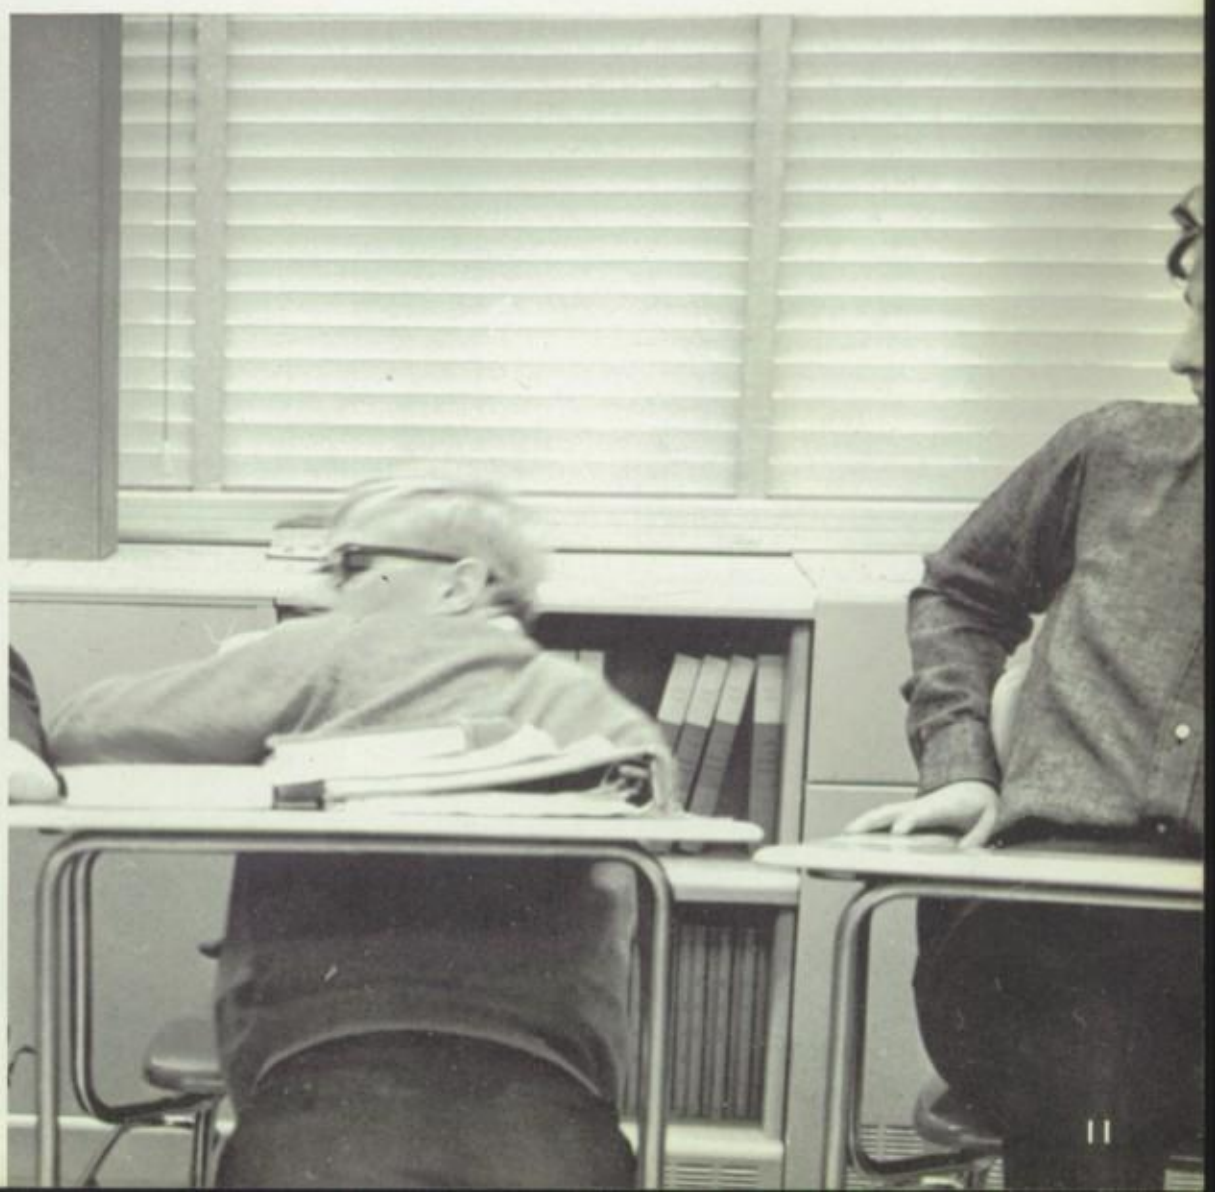
We search for answers by reading, discovering, and discussing within our classrooms. Through experience we become aware that what we learn is applicable to our daily lives. We strive, we achieve, and yet the desire for more knowledge lingers. It remains because we are members of a responsive generation and . . . WE QUESTION.



Well Carl →
It's time
to go home!
Well came out
and see you
U.C.L.A.
over
Xmas Vacation!
Love
Jim

EAGLE

WE LIVE



WE PARTICIPATE

At 2:35 bells ring, students surge into the halls, lockers slam, buses leave; but those who remain become dramatists, debaters, dancers, athletes, writers, nurses, and singers. Each club has its own purpose and goal, yet there is a feeling of togetherness as students take part in extracurricular activities. A strong chain develops, each activity a link contributing to school spirit in which . . . WE PARTICIPATE.

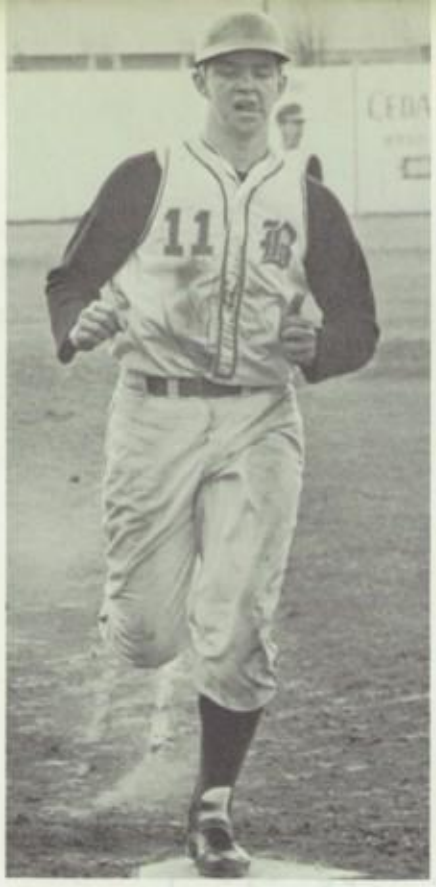
WE COMPETE

The rules are made, the chalk talk is erased, the final whistle is blown, and the scores are recorded, yet a spirit remains. It is the pounding spirit of challenge, of good sportsmanship, and of wins or losses felt by those who share in the rewarding experiences of competition. The final yards for a touchdown, a powerful stroke, a surgence of speed, or a carefully executed movement are all responses triggered by the dynamic energy of those who proudly proclaim ... WE COMPETE.



Carl,
You're a real nice guy to know. And I'm glad I do.
Good luck in the future.

COUNSELORS

The counselors spent many sixty-one minute hours this year as a valuable guiding service to Lincoln students. Administering tests, changing schedules, offering advice, and listening to the students' problems with sincere interest were just some of the ways that the counselors showed us that they really cared.

Mrs. Orpha Gilbertson

LIBRARIANS

Amidst a hushed atmosphere the Lincoln librarians stood behind their counter always ready to help all students with their selection of books and other reading materials. Teachers are human beings, some may disagree with this statement but it is true. Being human, teachers are subject to emotions of all kinds. Teachers are not automatons that function at the highest degree of efficiency *all* of the time. *Most* of the time perhaps, but not *all* of the time. Teachers are teaching because they like their work. If they didn't like it, they wouldn't be doing it.

Mrs. Marie Erickson

Mrs. Erickson, the school nurse, had quite a large fan club during school hours this year. Never was there a day that her services weren't needed to care for all kinds of illnesses, including spring fever. Nevertheless, her office was a blessed haven for all students who came there and were lucky enough to be first in line.

SECRETARIES

The secretaries at Lincoln had big responsibilities in running the school office but to the students it was the little things that really counted. They made change, took announcements, smiled, answered questions, gave information, smiled, collected money, answered telephones, smiled, sold tickets, had patience, and smiled again.

Knowledge ... *Lord of the Flies* ... Mythology ... Newspapers ... Oepidus ... Plato ... Quizzes ... Renaissance ... Shakespeare ... Term papers ... Utopia ... Verbs ... Wilder ... X-tra credit ... Yung (Mrs.) ... Zebra, of course.

Juniors listened attentively as Mrs. Stainer lectured on Hemmingway.

Gwen Manlove studied the fine points of grammar.

A newspaper unit was included in the sophomore curriculum.

Jackie Grabowski gathered the news.

Criticizing other newspapers proved to be valuable for J-1 students.

SCHOLASTIC SCRIBES

Publications and Journalism were together in 6th hour . . . a vicious circle . . . "Beat reports are due Friday, let's make it a habit" . . . the publications class worked all day to get the paper out on time . . . "If that *ever* happens again . . ."—They learned from their mistakes like all good journalists should . . . No news is *bad* news . . . "To be successful in a field of journalism one must have a nose for news."

Confusion reigned in the Mah-Quh Room.

A feature in the next edition was the subject of a debate between editor, Sue Anderson, and Cheryl Halverson.

Kathy Engdahl and Jean Meyer practiced a dramatic exercise.

Whatever they were looking for, they found.

DRAMA AND STAGE PRODUCTION TAUGHT METHODS OF THE THEATRE

The stage production class prepared the decorations for Homecoming Coronation.

Members also worked on sets for the one act play *"Revelation."*

"Now if the supply goes down and the demand goes up . . ." wondered Bill Kaul.

THE PAST
THE PRESENT
THE FUTURE

Cindy Tischer looked through Mrs. Gilderhus's files in search of a grade above a "C".

Sue Anderson and Stan Gilbertson depicted how the government spends their money.

Gossip took precedence over the Boston Tea Party.

History taught us the who, what, when, where, and why . . . sophomores trailed their ancestors across the continent and uprooted their family trees . . . juniors voyaged over the sea . . . "What war did you say this was?" . . . it killed off all the Romans, now it's killing me . . . maps, maps, maps . . . ADVANCED HISTORY CLASSES FOR THE INQUIRING MIND

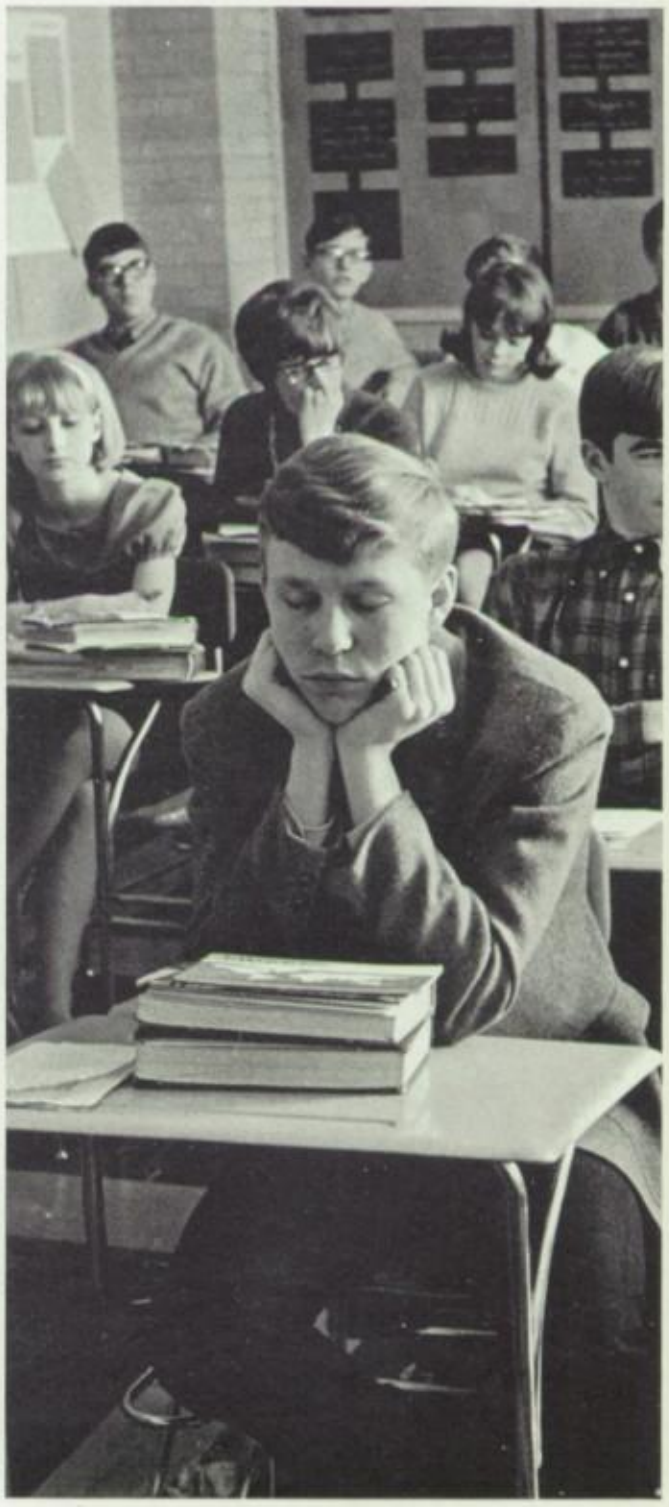
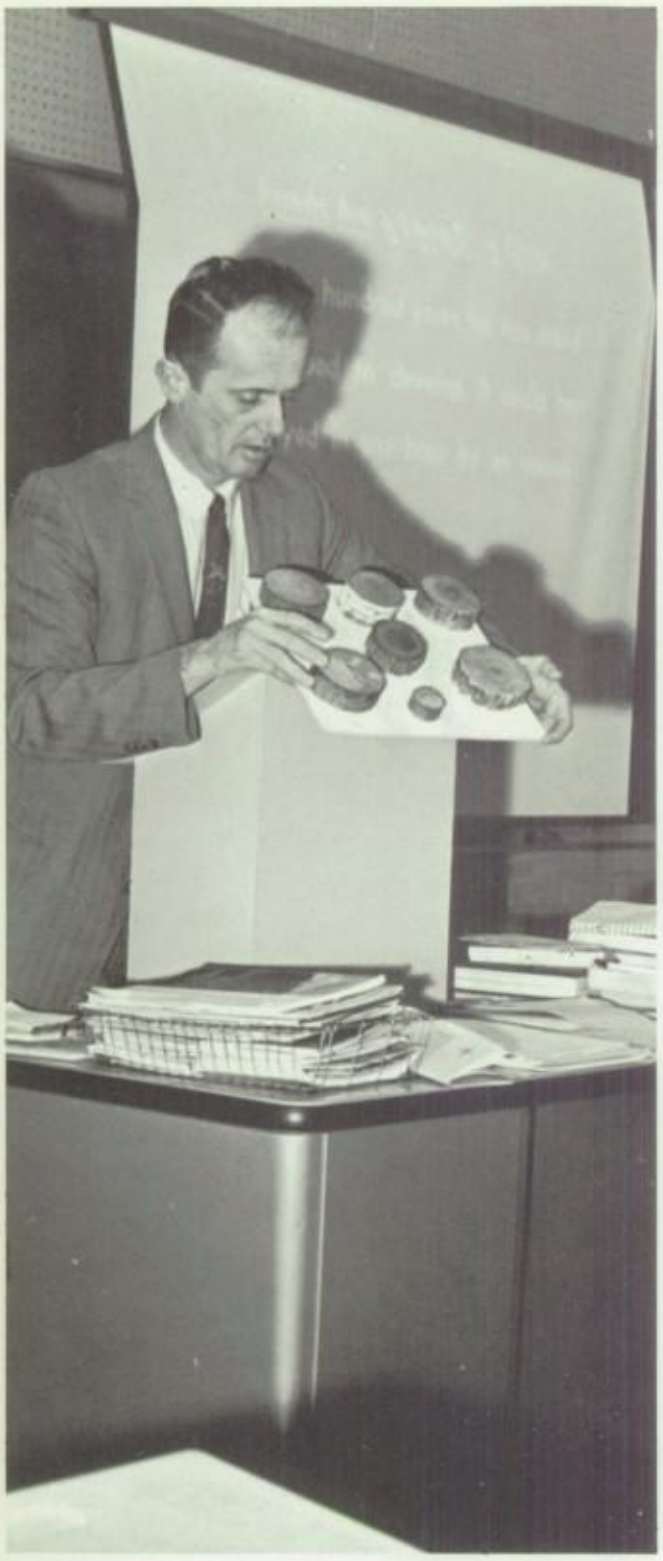
Mr. Rumpel lectured on the American image abroad.

Movements? . . . it isn't what you'd expect . . . philosophical and economical ideas . . . 167 years of European history covered in one year . . . International Relations class read *Rich and Poor* and the *Ugly American* . . . preparation for their Washington trip . . . movies narrated by Dean Rusk . . . foreign policies . . . historical events . . . both added to the understanding of the events that happened in the 19th and 20th centuries.

Included in the course were international economic policies.



At times the weight of the world was just too heavy.



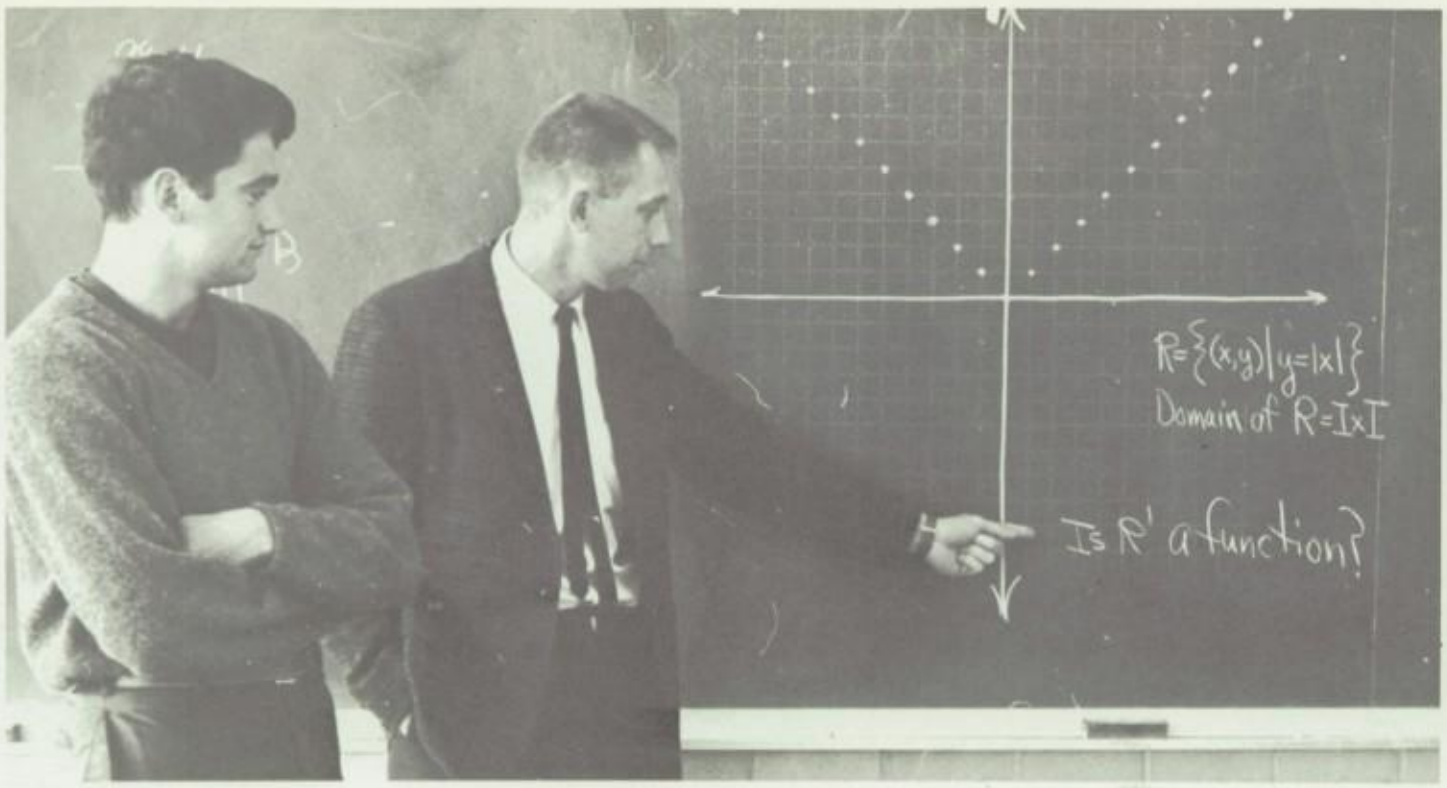
Mr. Severson counted growth rings during a demonstration.

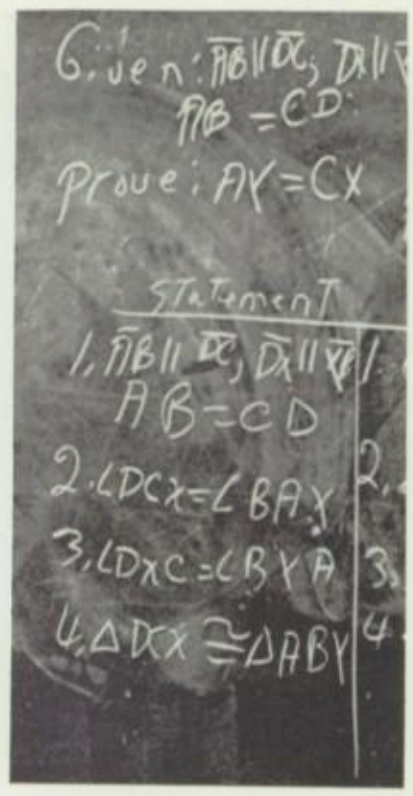
Four students examined the mineral deposits found in coal.

CONSERVATION

Preservation of natural resources . . . water and its limited supply . . . desalinization . . . minerals and their vital uses . . . husbandry . . . protection of wildlife . . . remember—only you can prevent forest fires.

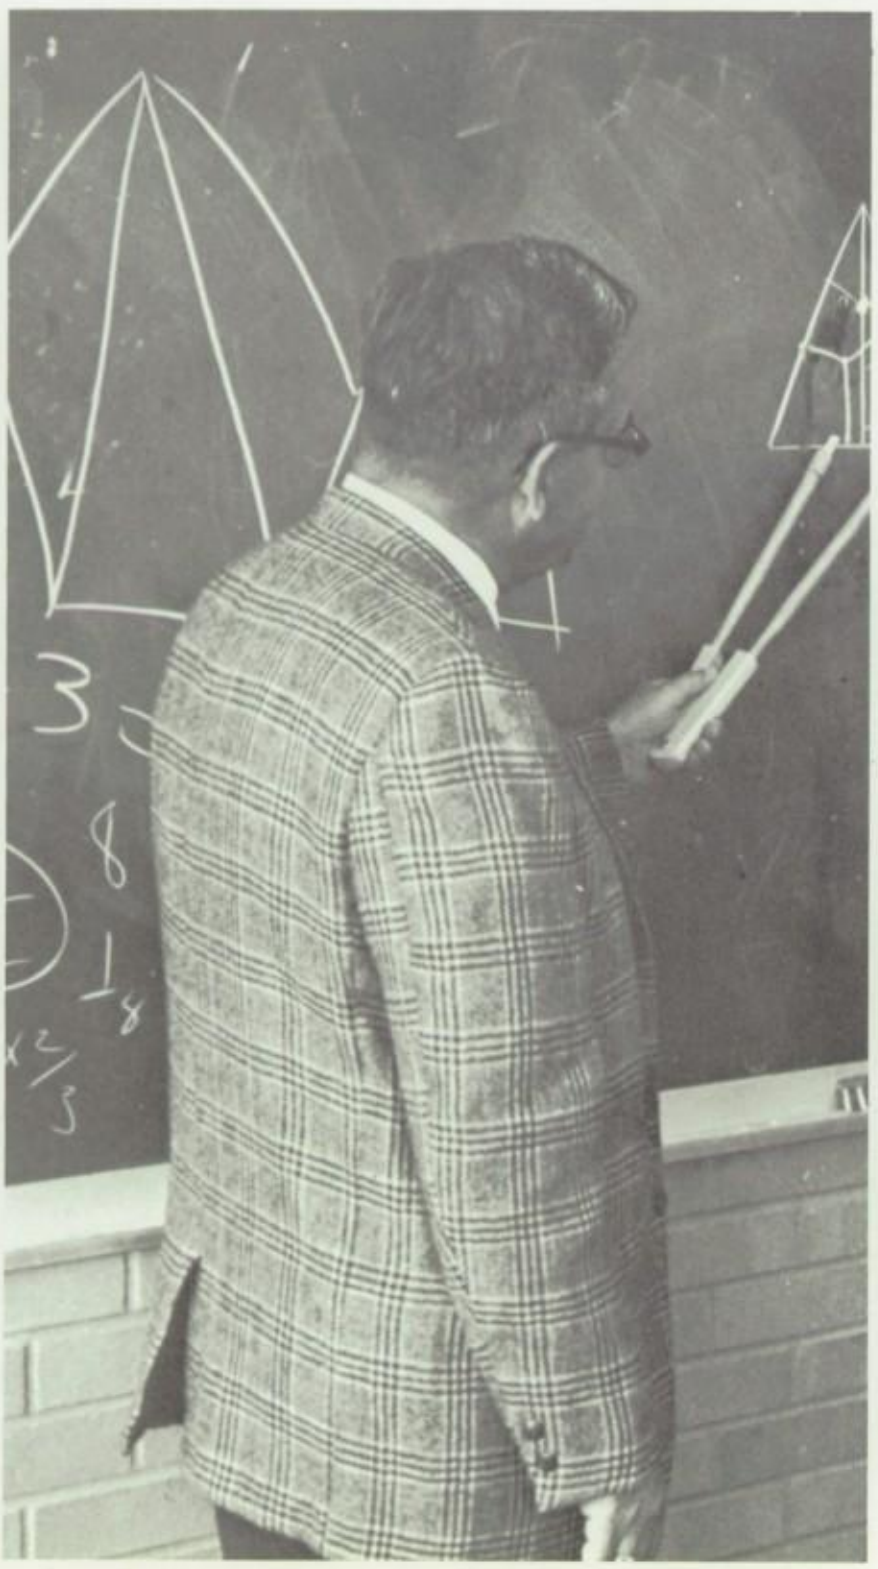
Students helped to keep America beautiful.





Better yet, what's a function?

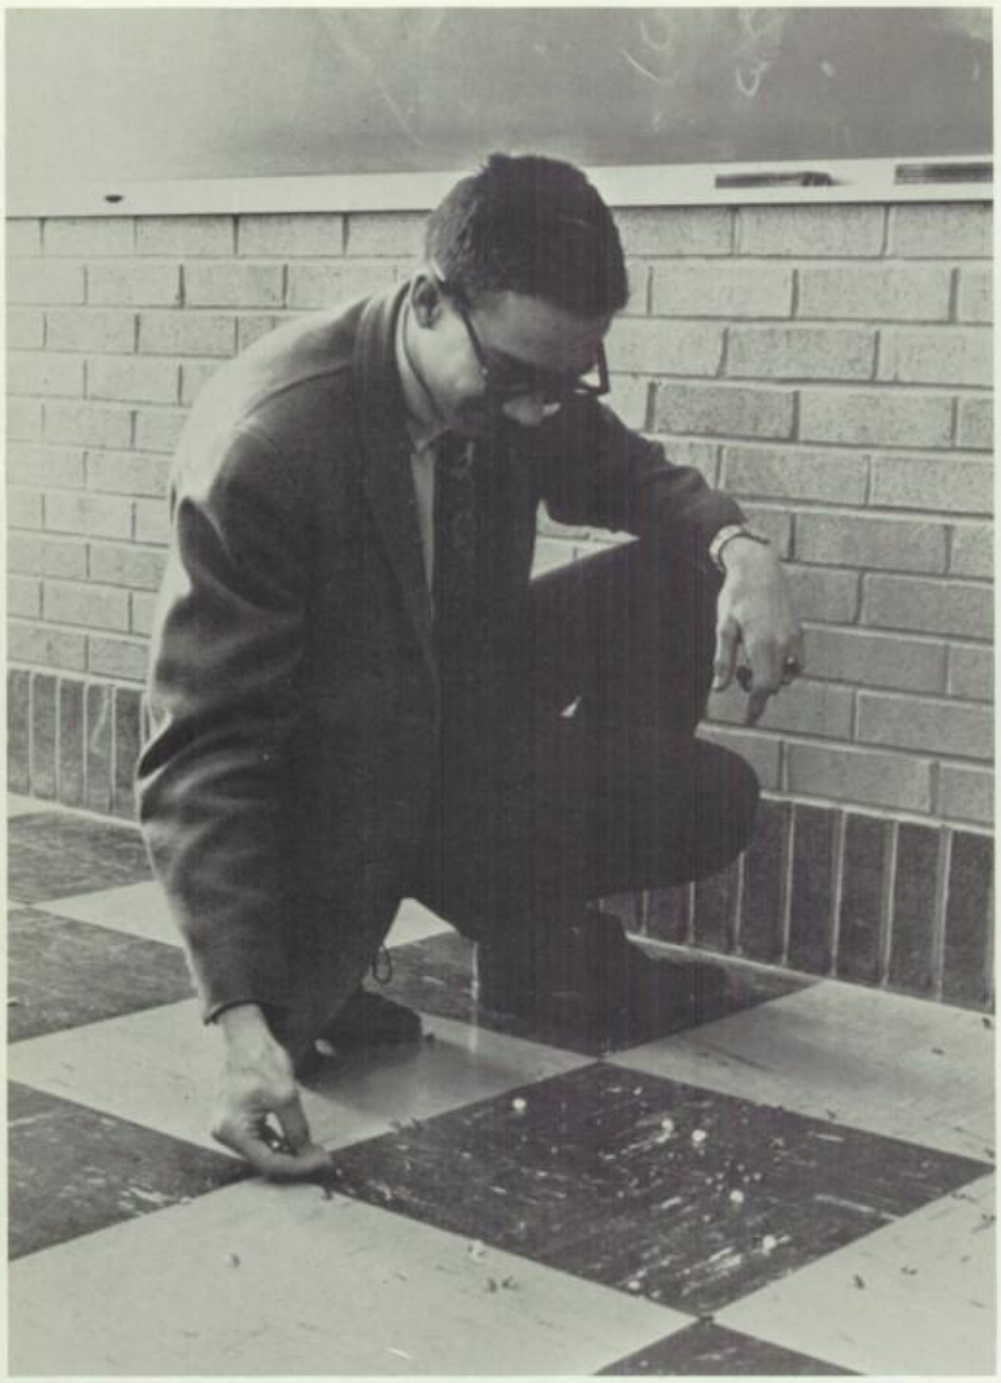
THE LAWS OF LOGIC



Mr. Ochs taught students the fundamentals of geometry.

A postulate is an accepted truth, a theorem is proven . . . the sine equals the tangent which equals the radian measure of the angle . . . but only in extremely small angles . . . Hero's formula was used to find the area of any angle . . . and it took a hero to work it too . . . math movies and book reports . . . angles, not angels.

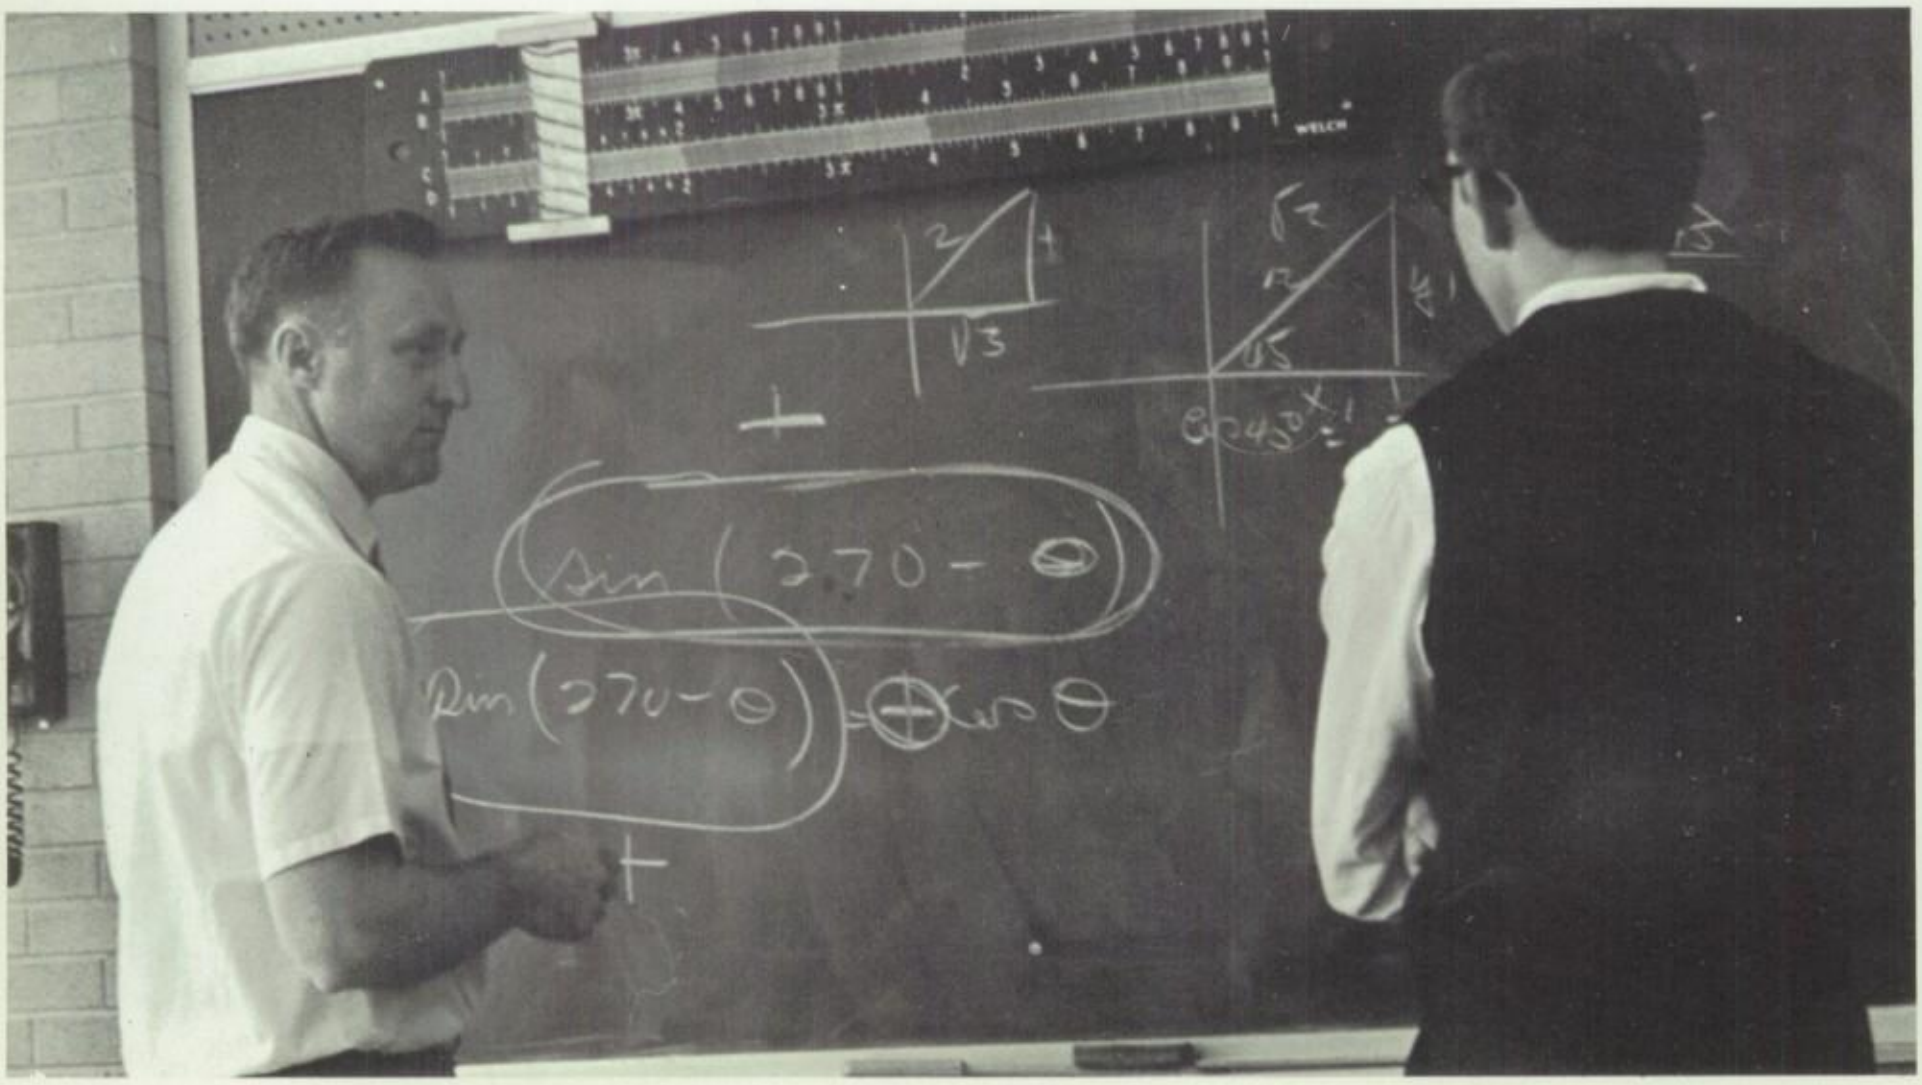
A compass often helped construct geometric figures.

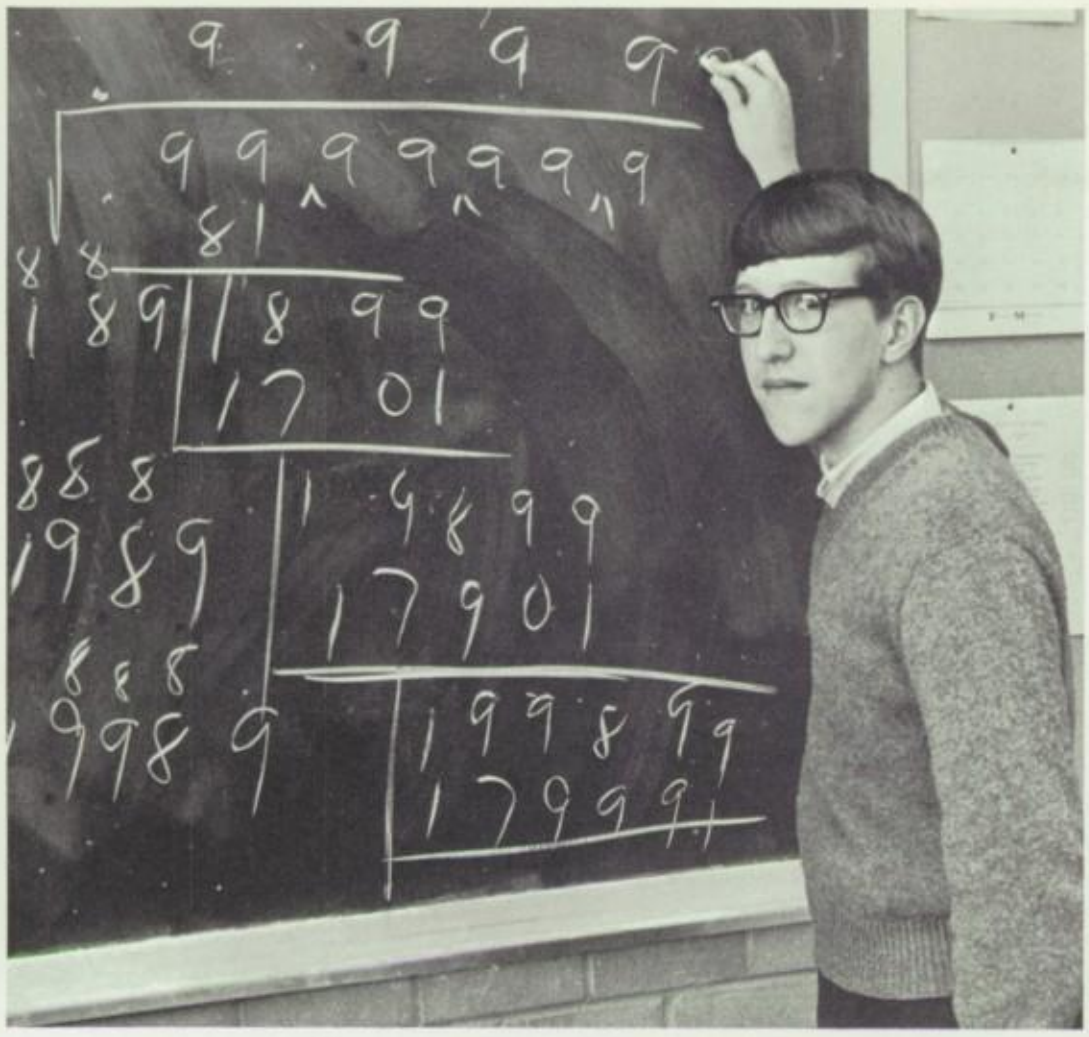


Senior Craig Carlson learned that his Problems and Statistics module wasn't pointless.

All of Kitty Hill's efforts were directed toward solving a higher algebra problem.

THE WAY OF REASON





There must be an easier way to find a square root!

If Johnny is five, and if Suzy is four years older than Johnny, and if Suzy's mother's age, plus Johnny's father's age, divided by three, equals the product of Suzy's and Johnny's ages ... how old is their dog? ... logarithms, graphs, base 10 ... BEHAVIOR UNLIMITED

During an experiment, students attempted to trace a star by looking at its image in a mirror.

Tapes helped Pat George, Jan Studer, Kathy Skoglund learn the correct pronounciation of French verbs.

THE LANGUAGE OF ROMANCE

The French rooms were the central stop and go stations for what went on where in the language department . . . students cried at *Les Parapluies de Cherbourg* . . . saw *Le Bourgeois Gentilhomme* at Hopkins and "Le Petit Prince" at Augsburg College . . . Geri Pederson and company danced a cancan for the Lake Conference Teachers Convention . . . This . . .

and this . . .

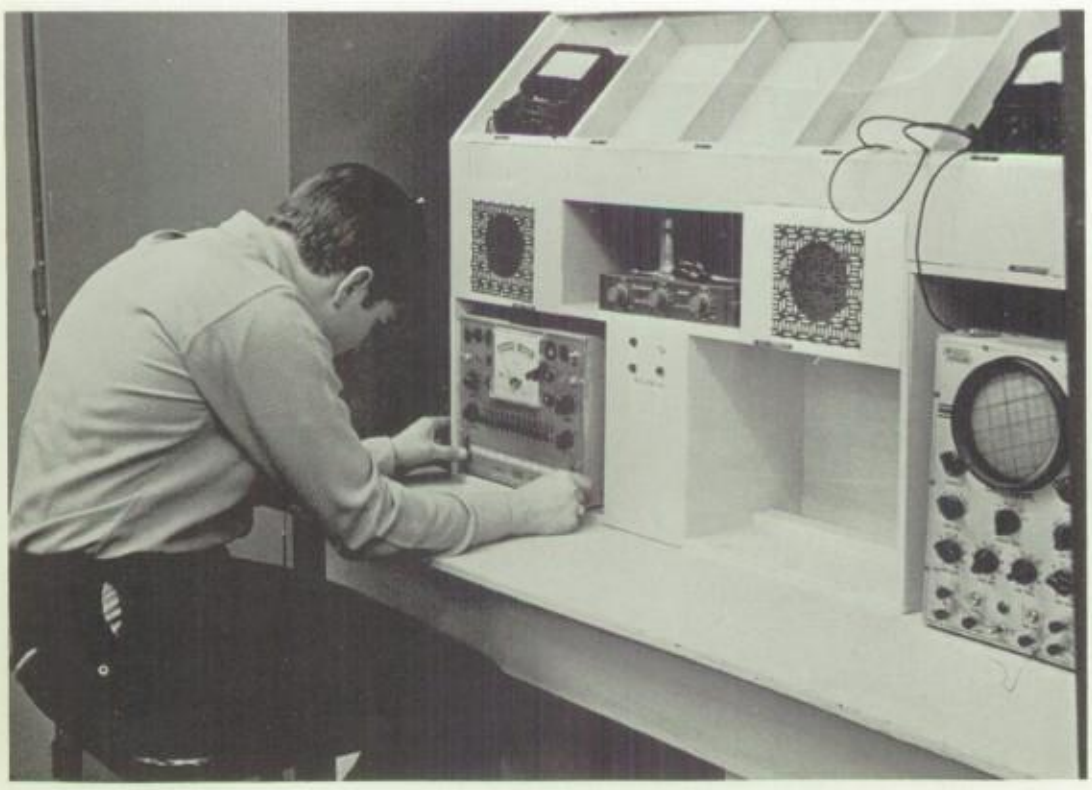
Foreign exchange student, Lukia Namatovu, kneaded bread.

and finally this.

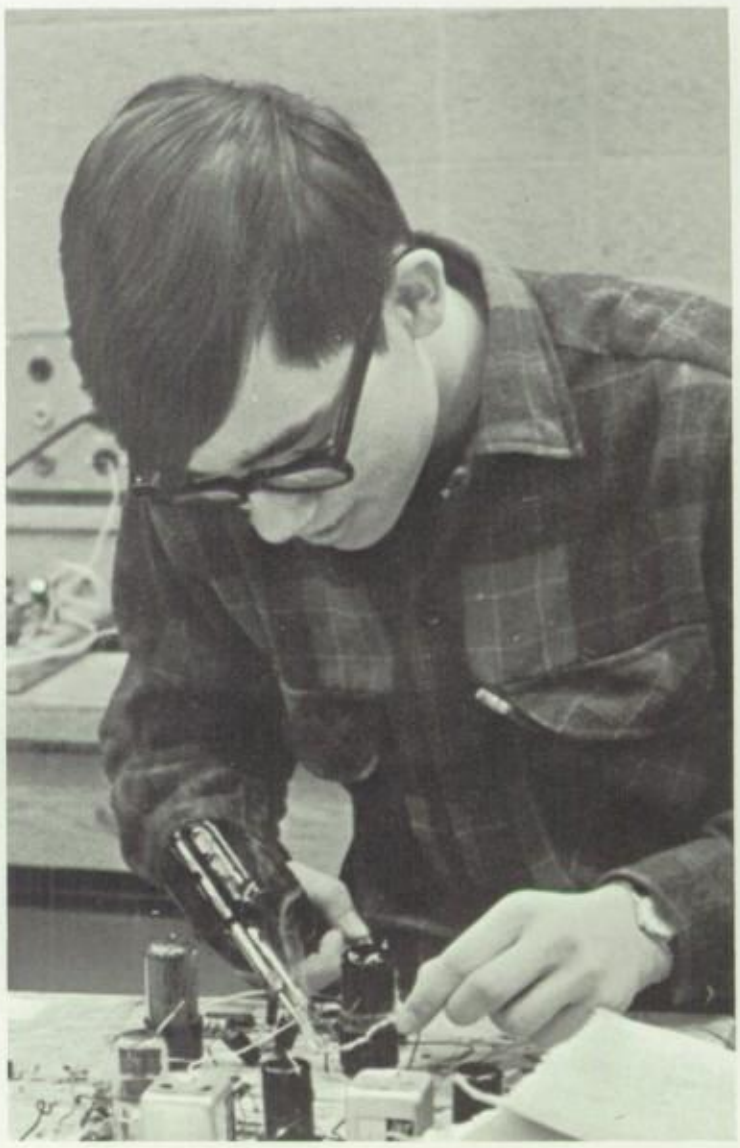
Glen Snesrud cut threads on a hammer handle in Metals II.

Sharpening a lathe cutter bit was Jim Robinson.

SHOPPING AROUND LINCOLN



Mike McCardle tried once more to get ahold of mommie.

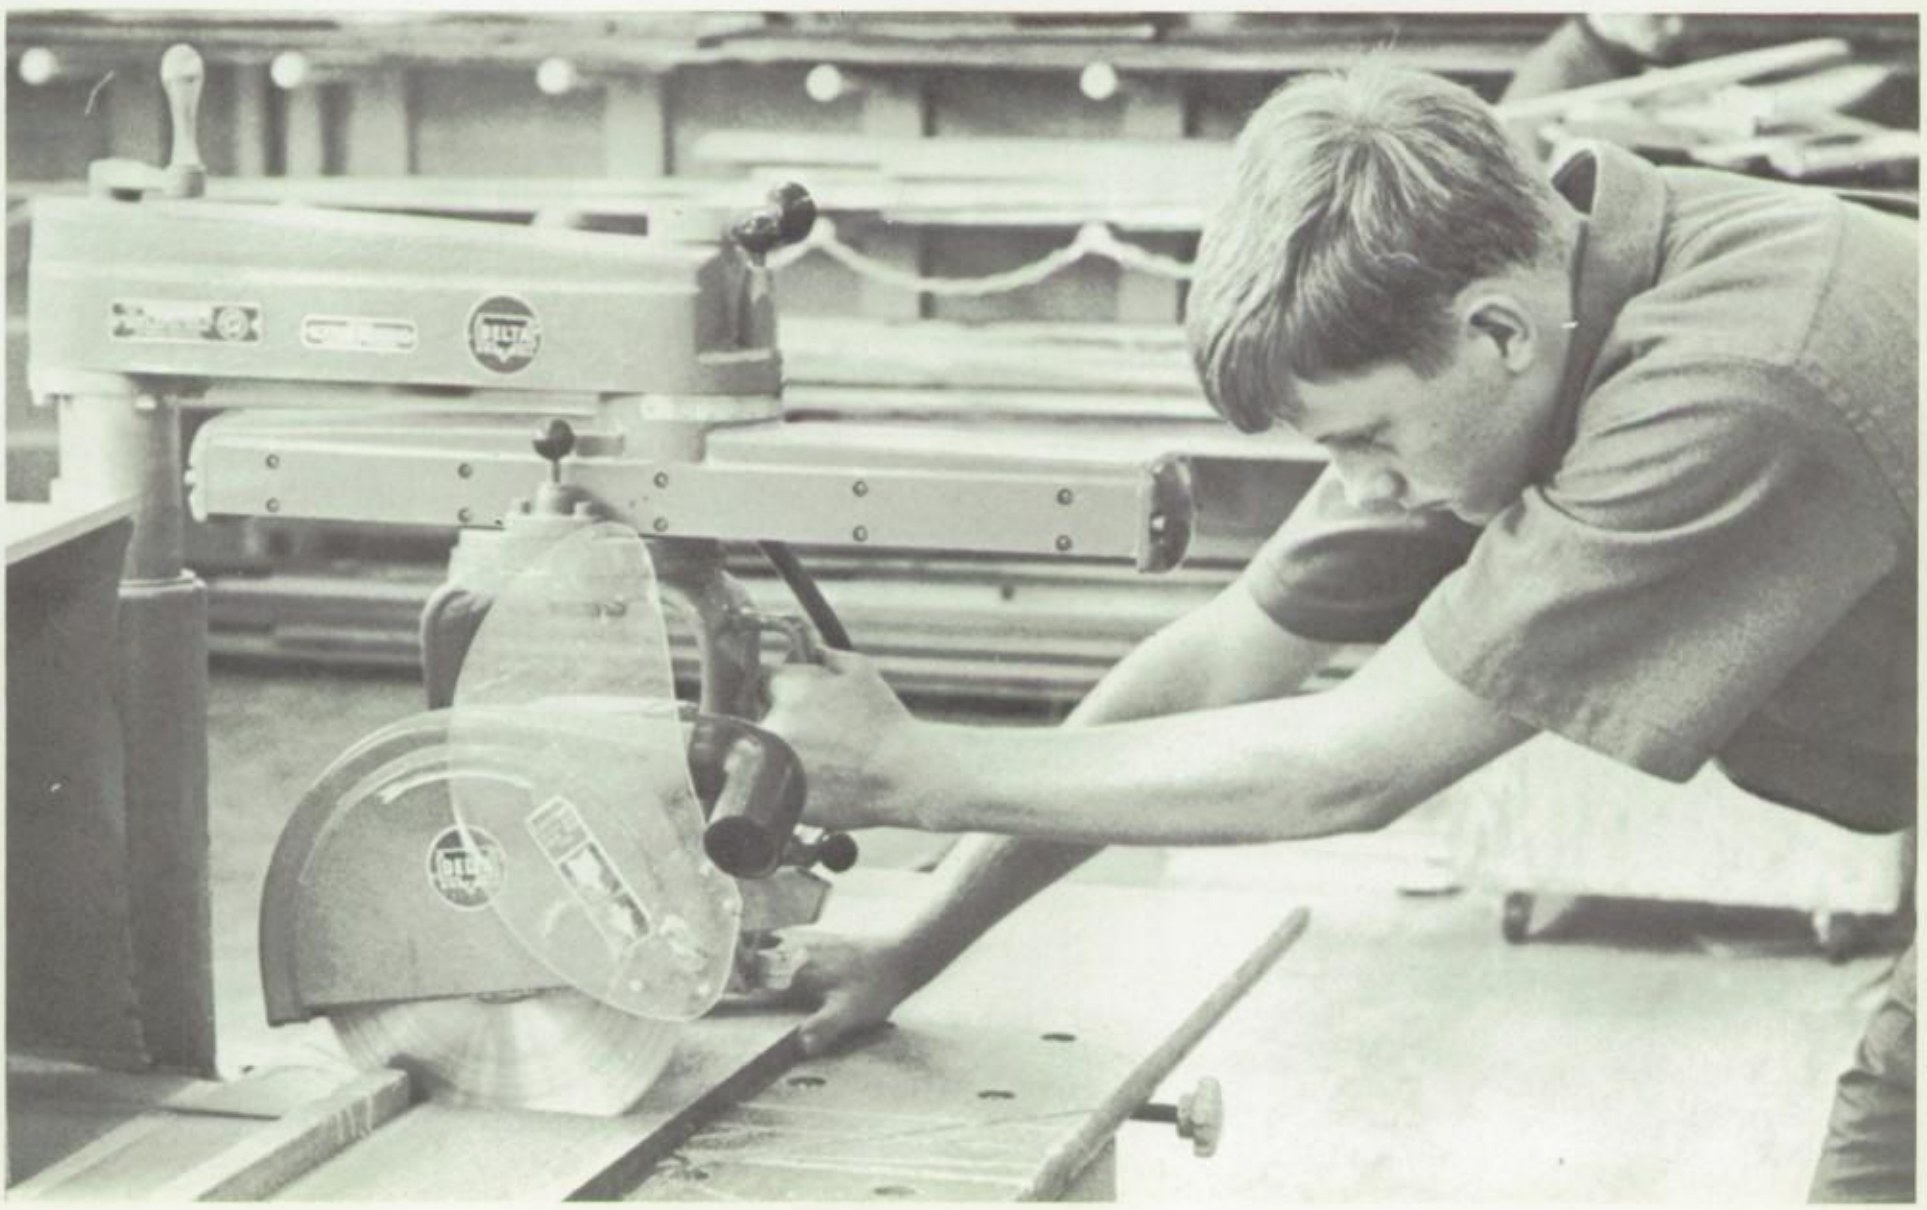


Lanny Marsh soldered intricate parts to his super-heterodyne radio.

Mr. Lampi explained the uses of the vise.

Hands were trained in the skills of mechanical, technical, and architectural drawing, electricity, metals, power, and wood working . . . wood you believe . . . they designed and built their own furniture . . . "If I had a hammer" . . . AC, DC currents —what's the difference anyway . . . made a chisel and a tool box . . . initiative . . . hard work . . . perseverance . . . all to build a better mouse trap.

"I see," said the carpenter as he picked up his sander and saw.



A printing student composed type by hand.

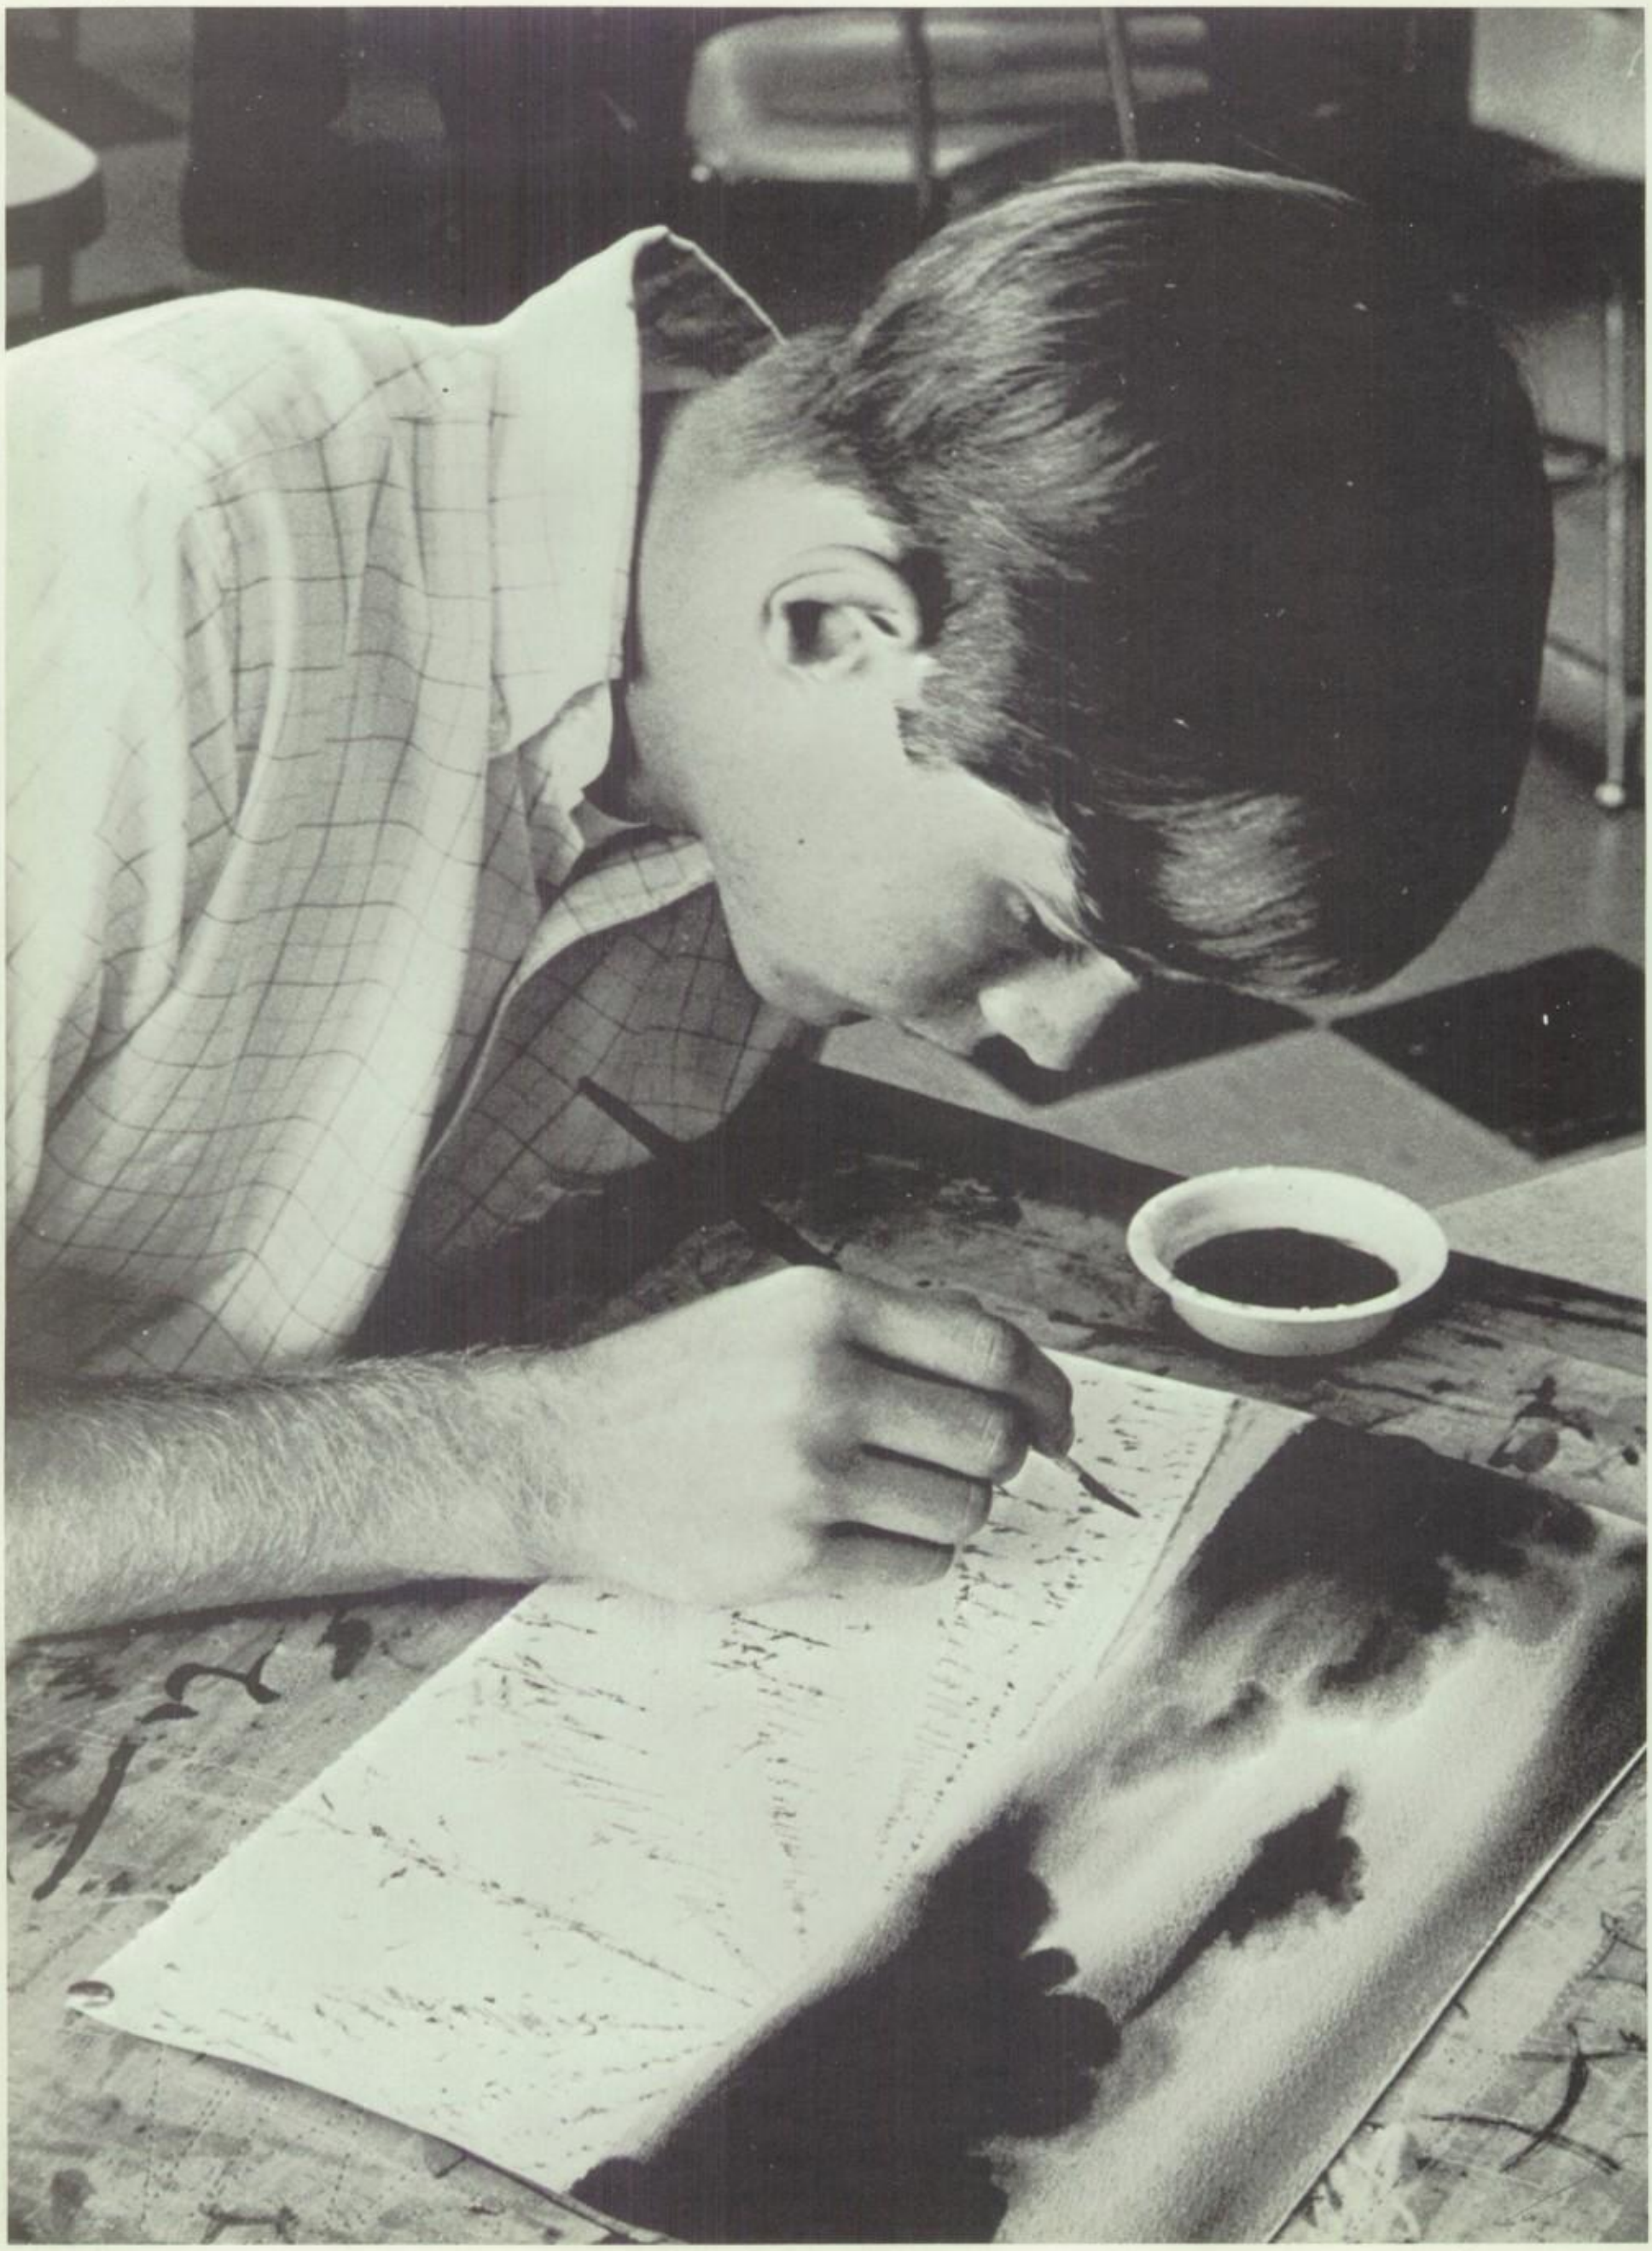
Student labored on technical drawing.

AUTO MECHANICS IT'S WHAT'S INSIDE THAT COUNTS

Classes learned practical information about the "old buggy" that would stand up in any Minnesota weather ... Girls took auto mechanics for the first time in LHS's modular system ... they changed tires ... took carburetors apart and put them back together again ... checked spark plugs, fanbelts, and crankshafts ... dedicated car fans worked on their own cars after school.

Joe Schultz took a good look at the motor.



In the skillful hands of Bruce Heyduk, a pot took shape.

Kathy MacDonald arranged album covers made by LHS art students.

BRINGING A VISION INTO BEING

Kathy Gunderson searched for bits of color for her art project.

But you can't hit at nothing.

Despite her best efforts, the ball got away.

ALL THIS FUN . . .

A jump ball triggered the action of the game.

Curt Carr leaped with the greatest of ease over the horse.

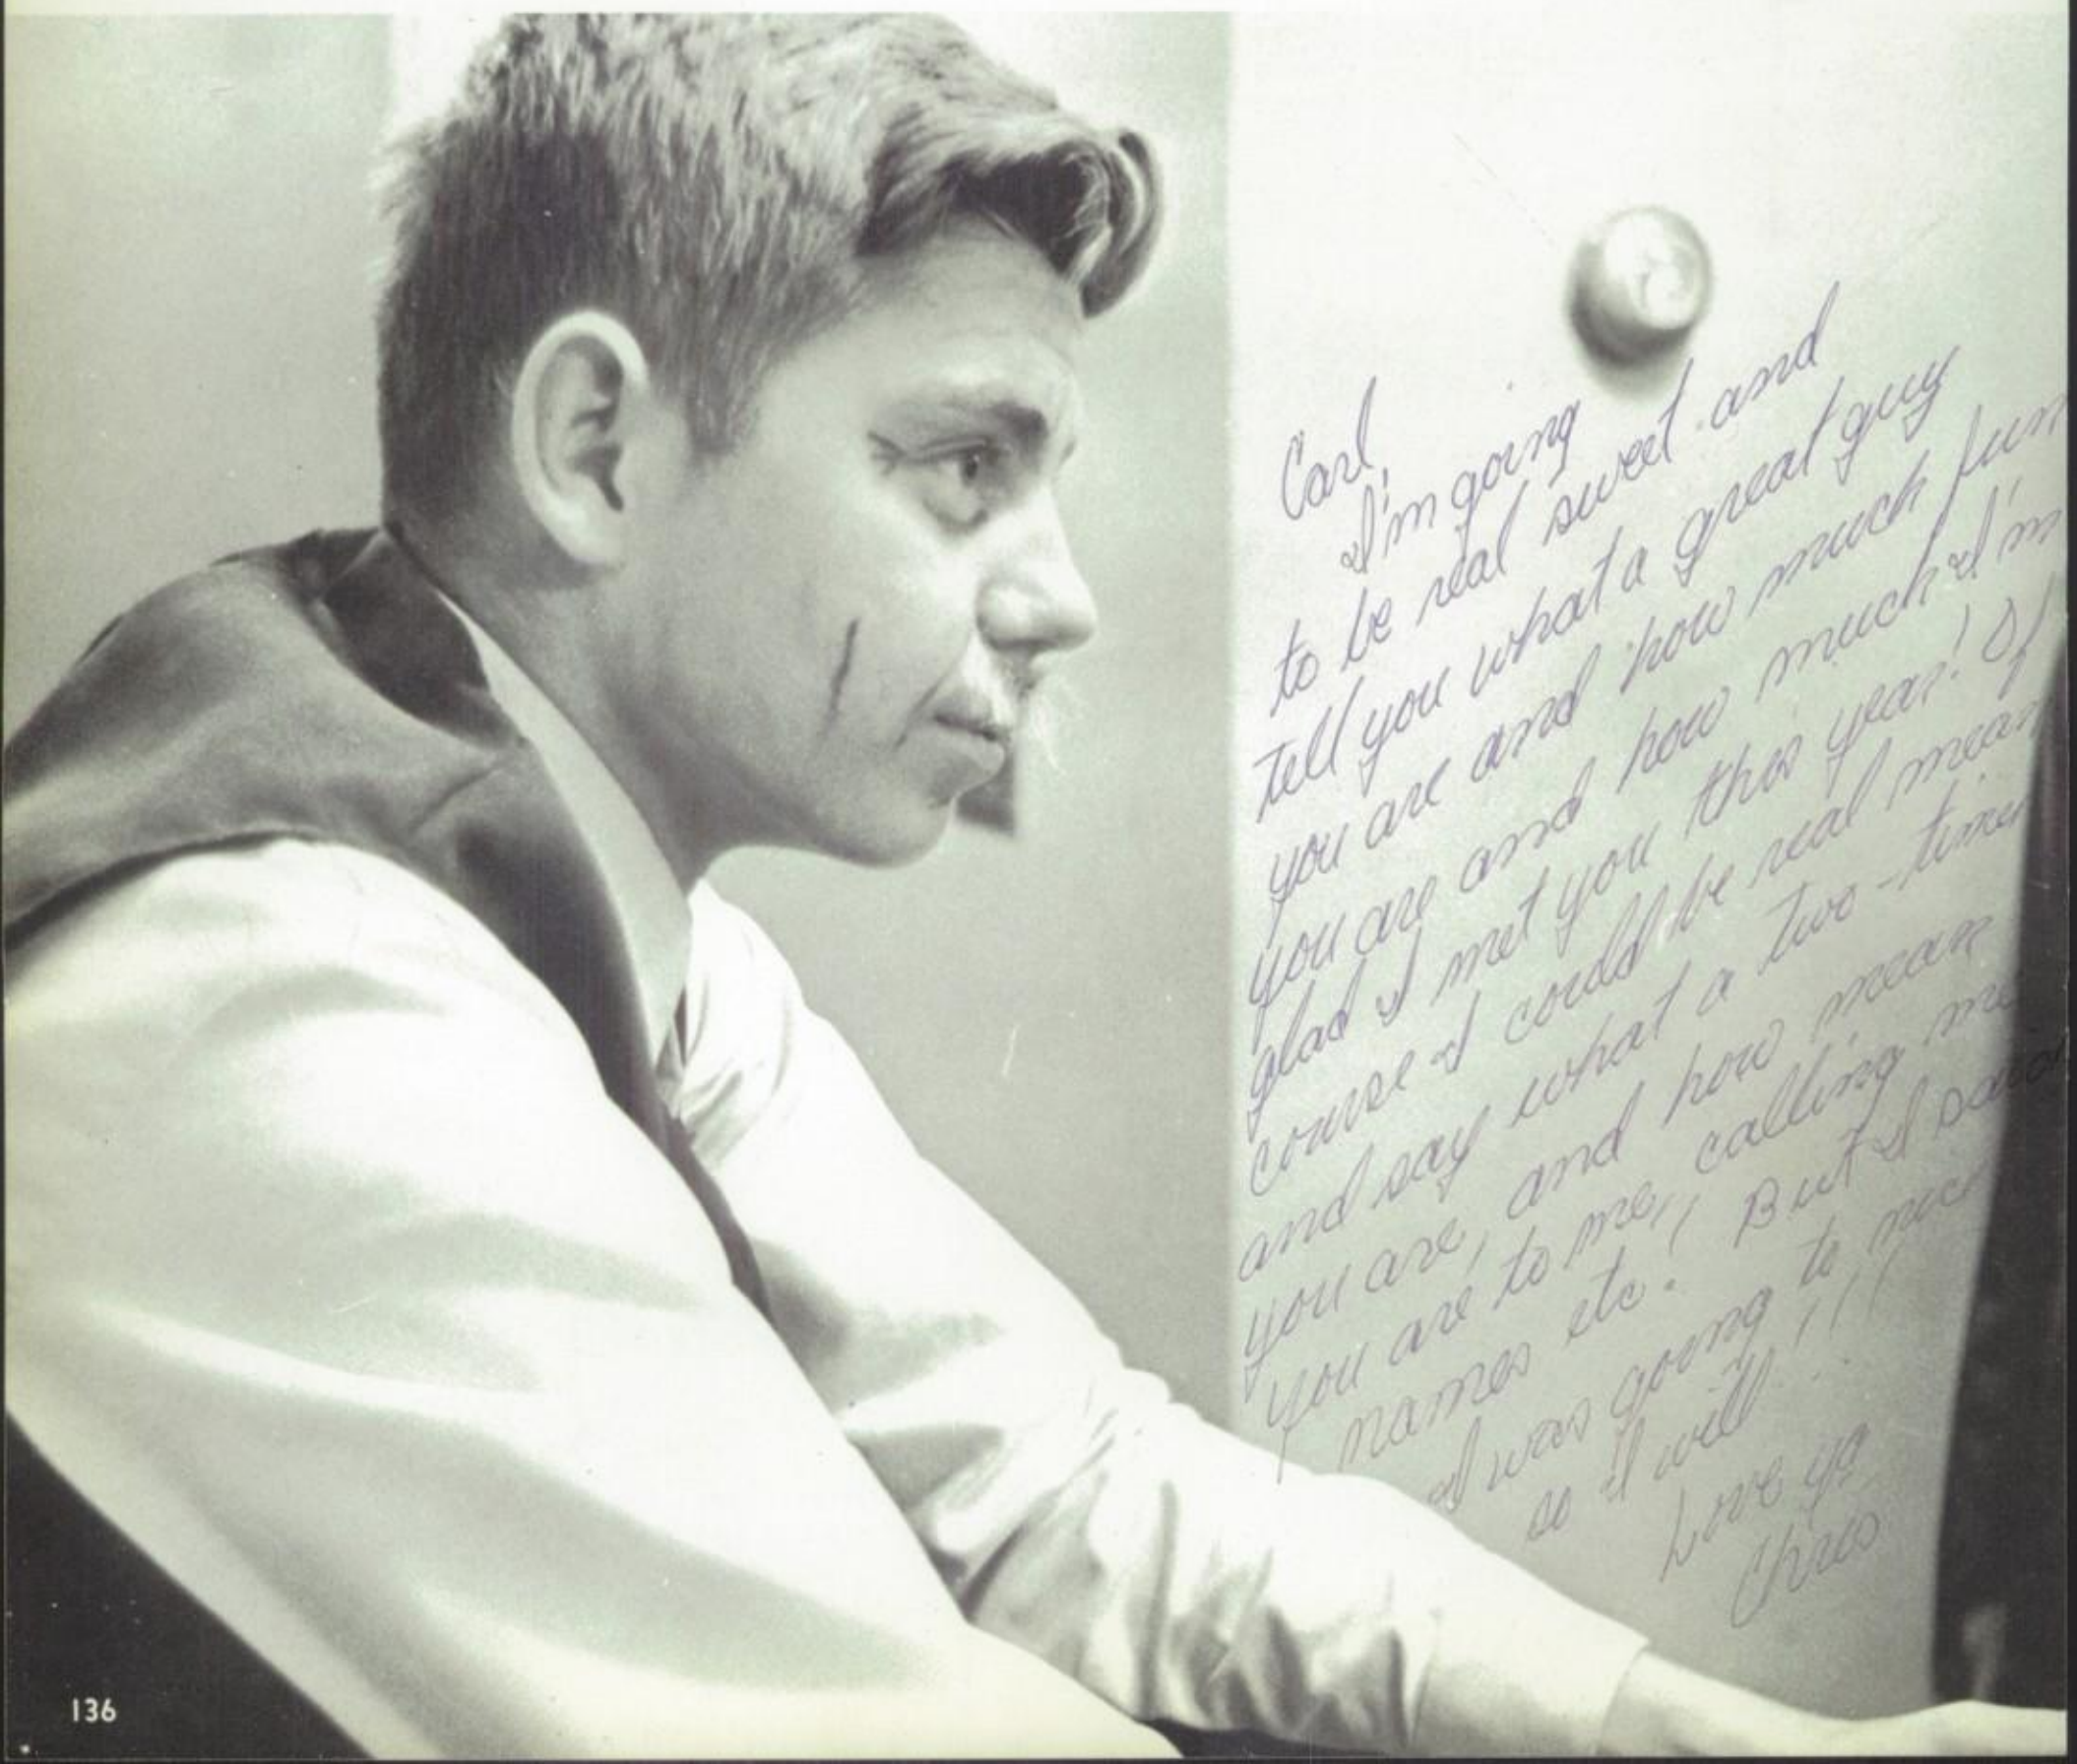
FIRST YEAR AT LINCOLN.



Carl
I'm going to be real sweet and tell you what a great guy you are and how much fun you are and how much I'm glad I met you this year! Of course I could be real mean and say what a two-timer you are, and how mean you are to me, calling me names etc. But I was going to be sweet as I could!!
Love ya
Chas

QUEEN HELEN MEANY
KING JACK ROSENBLAD

L.H.S. students spent many hours preparing for Coronation.

Lincoln Homecoming Coronation 1966 ... a trumpet fanfare ... dimmed lights and dancing shadows ... the flaming torch of the Spirit of Homecoming ... spine tingling, shivery excitement ... distinguished guests from past Homecomings ... Royal candidates ascend the stage ... returning royalty from 1965, Joanne Hemming and Jim Peck ... spotlights ... drumrolls ... tears ... applause ... Queen Helen and King Jack ... a blush and a grin ... congratulations!

HOMECOMING 1966

The King and Queen reigned.

The 1965 Queen congratulated the 1966 Queen.

Lunch was served to the Royalty.

1966 HOMECOMING COURT

Homecoming reigned supreme this year as energetic students and teachers worked together to produce a grand week of intense activity. It all began with a special Homecoming Committee from Student Council. They investigated the possibilities of having floats and a special week devoted to Homecoming festivities. Thus an era began in Homecoming celebrations at Lincoln as float committees, dance committees, parade committees, and more committees were drawn up. The slogan, "Peel the Orange and Sink the Navy", was the theme for the Sophomore and Junior floats. The Seniors cleverly "Bear-b-qued the Hawks".

Homecoming week included: Green and White Day, election of king and queen, Bruinburger gourmet dinner, and coronation ceremonies. At coronation the warm spirit of excitement rose to a pounding stillness as the returning 1965 royalty, Joanne Hemming and Jim Peck, crowned the 1966 queen, Helen Meany and king, Jack Rosenblad. On Homecoming Day, November 4, the king and queen and their court were served the traditional royal lunch. That night the low temperatures had little effect on our Bears as they carried out their promise with a 26-6 victory over Cooper. That evening royalty, their court, and their subjects danced to the music of Don Spanglers Spangles, ending Homecoming 1966, lively ... lovely ... and unforgettable.

Members of the 1966 Homecoming Court were: Senior Ambassadors, Tom Appelquist and Elena Parthun; Sophomore Ambassadors, Linda Pearson and Lance Vogel; Sophomore Attendants, Sharon Merrifield and Jerry Lawrence; Attendants, Gretchen Kloster and Tom Kudrle; Janine Yager and Jerry Reierson; King Jack Rosenblad and Queen Helen Meany; Attendants, Barb Taylor and Dave Schnedler; Pam Petersen and Scott Free (not pictured). Pages, Chris Mertz and Mike Livingston; Junior Attendants, Lynn LaPointe and Brad Yeager; Junior Ambassadors, Claudia Engwall and John Seifert; and the Spirit of Homecoming, Joanne Bergh.

The Senior float added to Homecoming activities.

Fans cheered the Bears to victory.

THE END OF A BEGINNING

Pamela J. Peterson
Thomas Kudrle

June 7, 1967, was a year that ended as abruptly as it began. For this class of graduating seniors it held unforgettable memories that only they could cherish as their own. It was a year of happiness, laughter, jubilation. We won our first Homecoming as Lincoln Senior High School. Scholastic and athletic honors were given to many deserving seniors during their final days at Lincoln. It was a year, a great and grand year, that belonged to the seniors.

SPORTS

Kudrle anticipated the pitch . . .

correctly.

Bears practiced 'hoping for rain' strategy.

BATTING IN

The swingin' Peck brought capacity crowd to 'his' feet . . .

and when Olson grounded . . .

Members of the '66 Baseball team were the following; *Front row:* Gene Trowbridge, Mike Oatman, Jim Peck, Steve Remington, Don Cogswell, Brian Tarbox, Tom Kudrle, Darryl Banks. *Back row:* Randy Gronert, Carl Chapman, Cal Beatty, Kevin Kranz, Bruce Peck, Jim DeLong, Mike Olson, Jay Bothwell, Keith Ockwig, Les Knoke, Coach John Junker.

BRUINS ACTION

the 'crowd' began to dwindle . . .

but the coach remained.

TRACK-O-RAMA HIGHLIGHTS

Queen Pam Petersen received foreign aid.

It was so cold even the cinders were frozen, nevertheless, L.H.S. hosted the fifth annual Track-o-rama. Tom Bauer set the cinders blazing by lighting the traditional Track-o-rama torch.

A special word of thanks to all the coaches, officials, and trackmen, who helped Track-o-rama be the success that it was.

FOOTBALL L.H.S. STYLE

A season full of surprises . . . 50 yard dashes with a towel cart . . . "who's that hiding behind it?" . . . "it's salt water!" . . . Duck LaDue came through . . . "Hi, Mom!" . . . brown bagged it to Superior . . . left them in stitches . . .

There were also disappointments . . . hardest hitting team ever . . . couldn't put it all together . . . Beat Park in everything except points . . . WANTED: one old helmet . . .

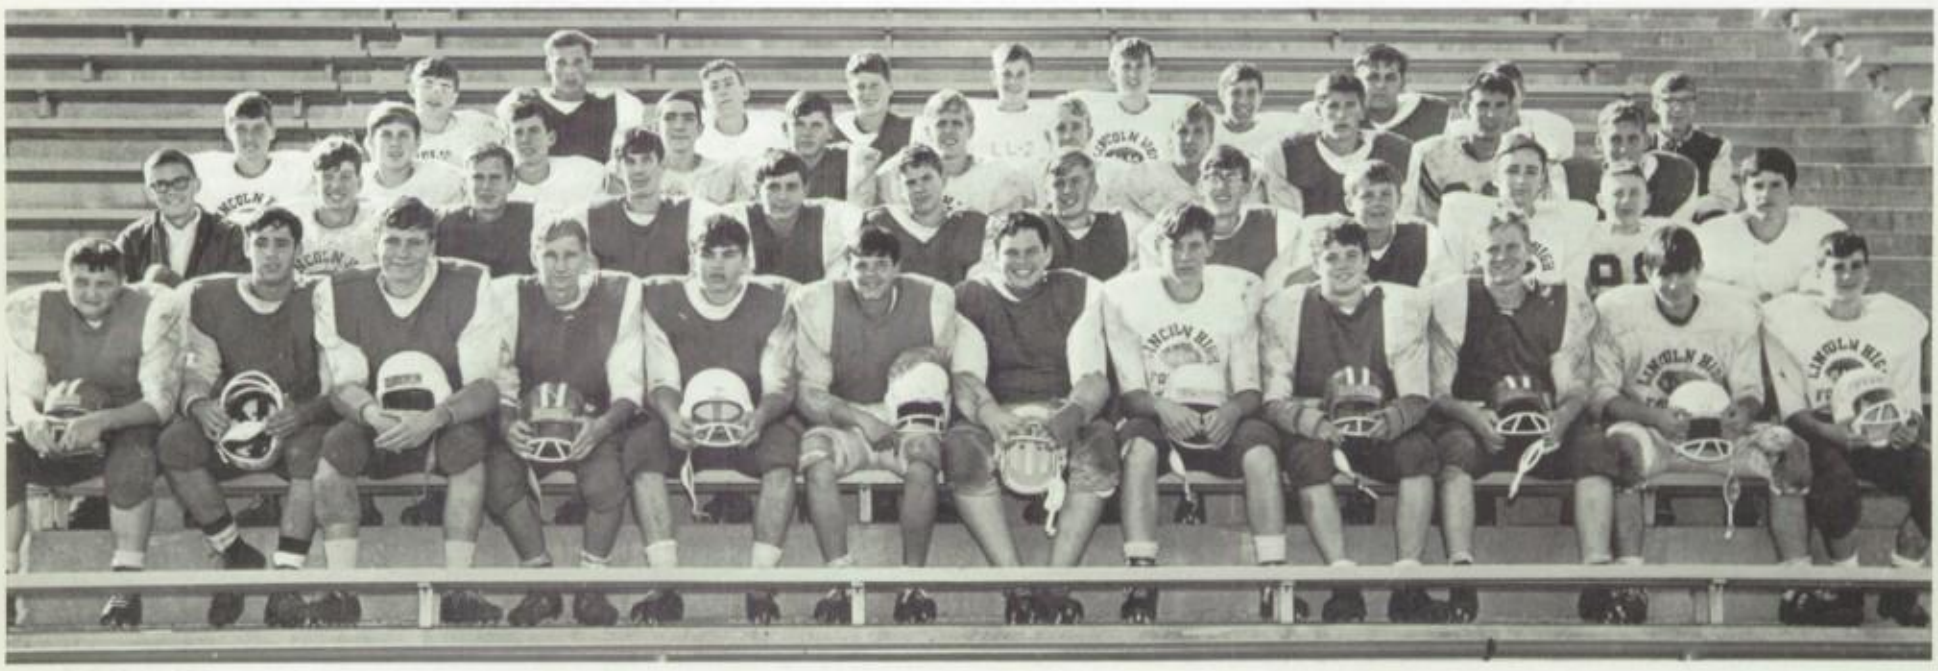
But accomplishments . . . Rich Shannon made second team for All Conference . . . made Tonka Toys of the Tonka Boys . . . grinder . . . full speed . . . all the way.

Tim Allemendinger and teammate exhibited defense action.

Lamoreaux tripped over the end zone for a Lincoln touchdown.

ROCK 'EM SOCK 'EM

The Lincoln sophomore team finished with one win and seven losses. The Bears reached their peak against Edina and Hopkins in which their play was characterized by "rock and sock 'em" football. While not outstanding in talent, their rugged style of play can only lead to continued improvement so that by the time the sophomores are seniors, they will be a very respectable Lake Conference team.



Sophomores on the football squad were: *First row;* Max Parks, Tim Allmendinger, Joe Elder, Jim Lewis, Brad Johnson, Bob Hill, Paul Price, Jim Holm, Barry Kesler, Mitch Axtell, John Krotoska, Dave Hann. *Second row;* Jim Little (mgr.), Mike Reiners Bill Mahlum, Keith Bullinger, Monte Johnson, Mike Urbach, Gene Snesrud, Dave Swanson, Gary Rice, Mike Bullard, Dennis Tone, Kevin Maher. *Third row;* Bob Lorsbach, Bill Adams, Jerry Johnson, Scott Farr, Mark Lamoreaux, Rich Dodge, Barry Tait, Rich Braun, Mark Stanford, Kurt Kovak, Gary Fischer. *Fourth row;* Kim Couch, Dave Ross, Pat Chapman, Tad Bothwell, Art Murden, Doug Stark, Greg Cernjar, Mark Needham, and Mat Sikich (mgr.)

FOOTBALL BOUNCES WRONG WAY

A night for victory . . . speculation over the outcome mounted as the game approached . . . two evenly balanced squads prepared to clash . . . All the energy, hopes, and plans were put to the test . . .

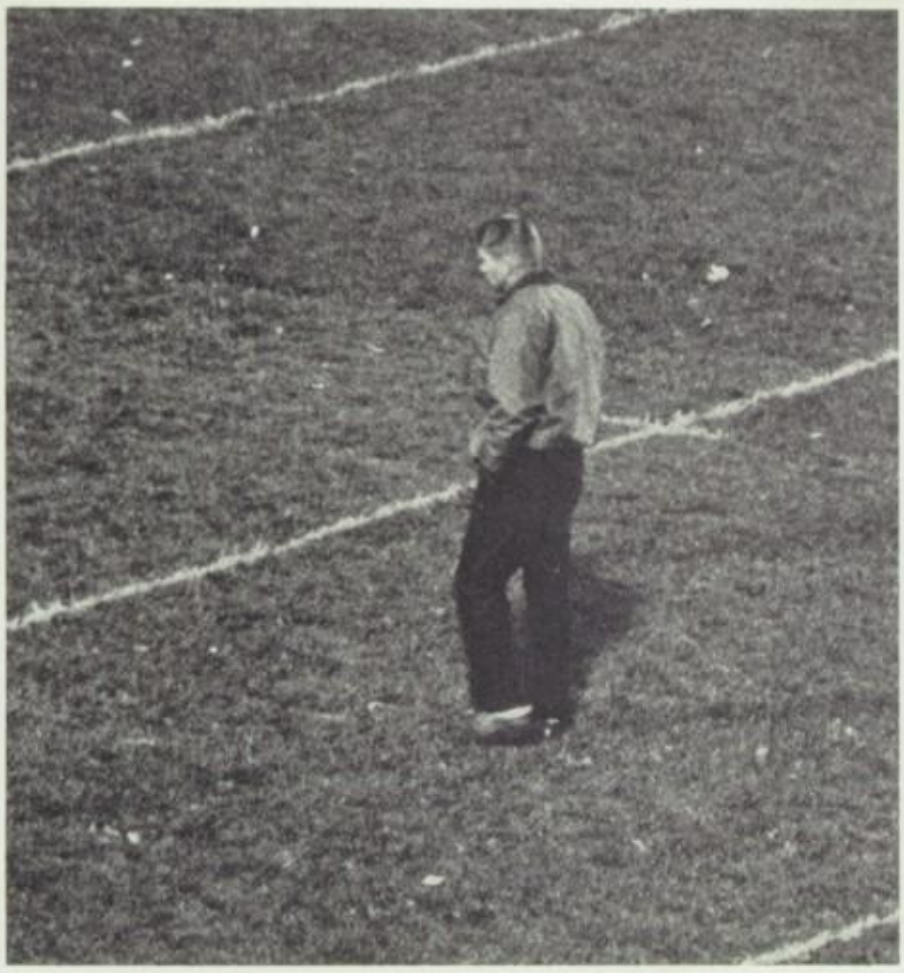
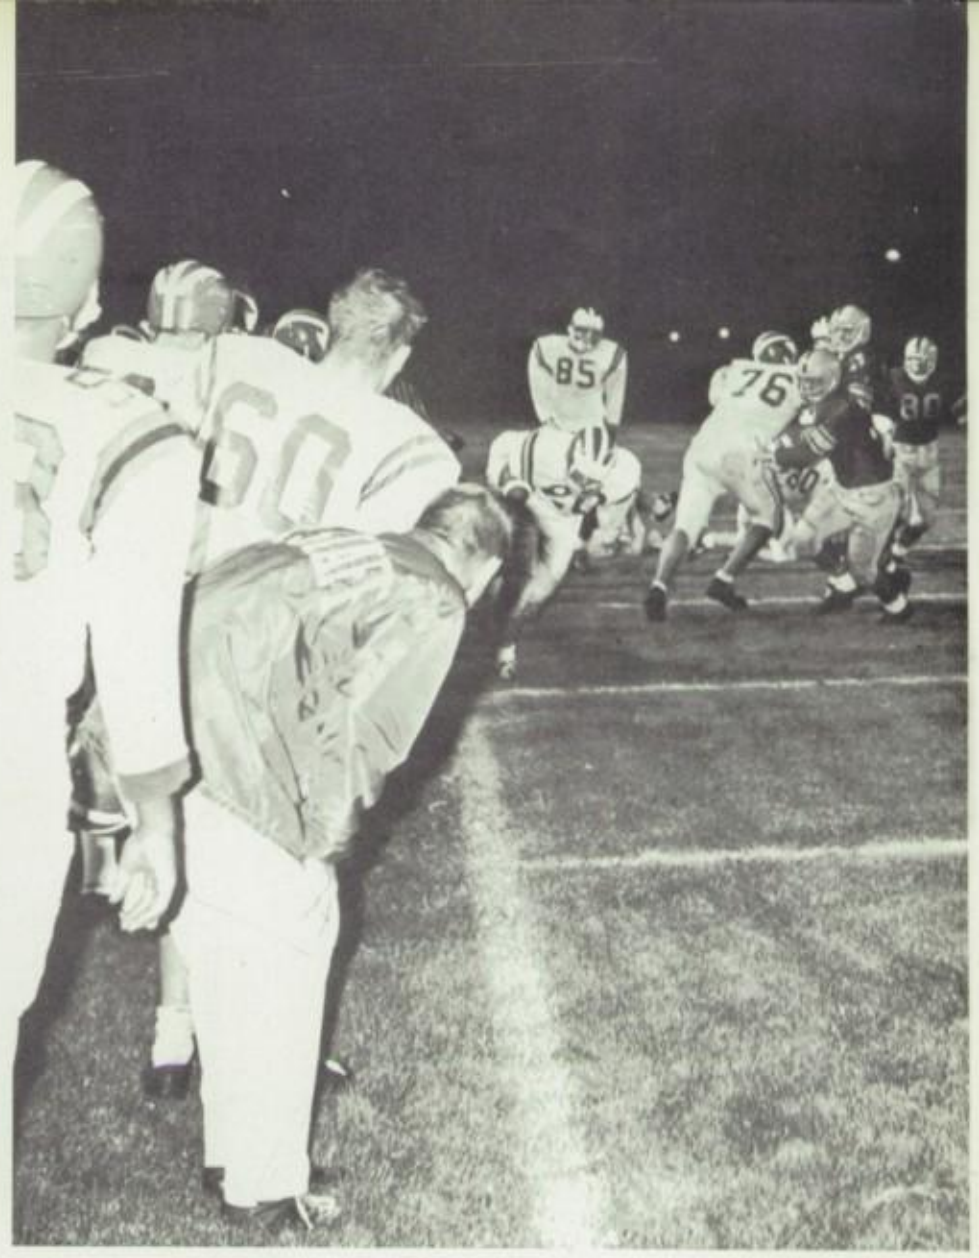
A cleated effort

FINALE



The taste of defeat was bitter.



Cochran watched Huss run down the sideline for a touchdown.

"Eight years is a lot of boys and a lot of games." With these words, an era of B.H.S. football ended as Darrell "Shorty" Cochran announced his resignation as head coach. He left an indelible mark on football at B.H.S. Under his guidance developed some of Minnesota's most outstanding football players such as Jerry Pelletier, Milt Sunde, and Ken Last.

Among his accomplishments should also be listed a state championship team in '59 and a final record of 42 wins and 27 losses.

The sentiment felt by each athlete who had the privilege of having Shorty Cochran as a coach is conveyed in the inscription on the plaque given to him by the 1966 team. It reads: "In deep appreciation of his devoted effort toward the building of men—Himself an inspiration to all."

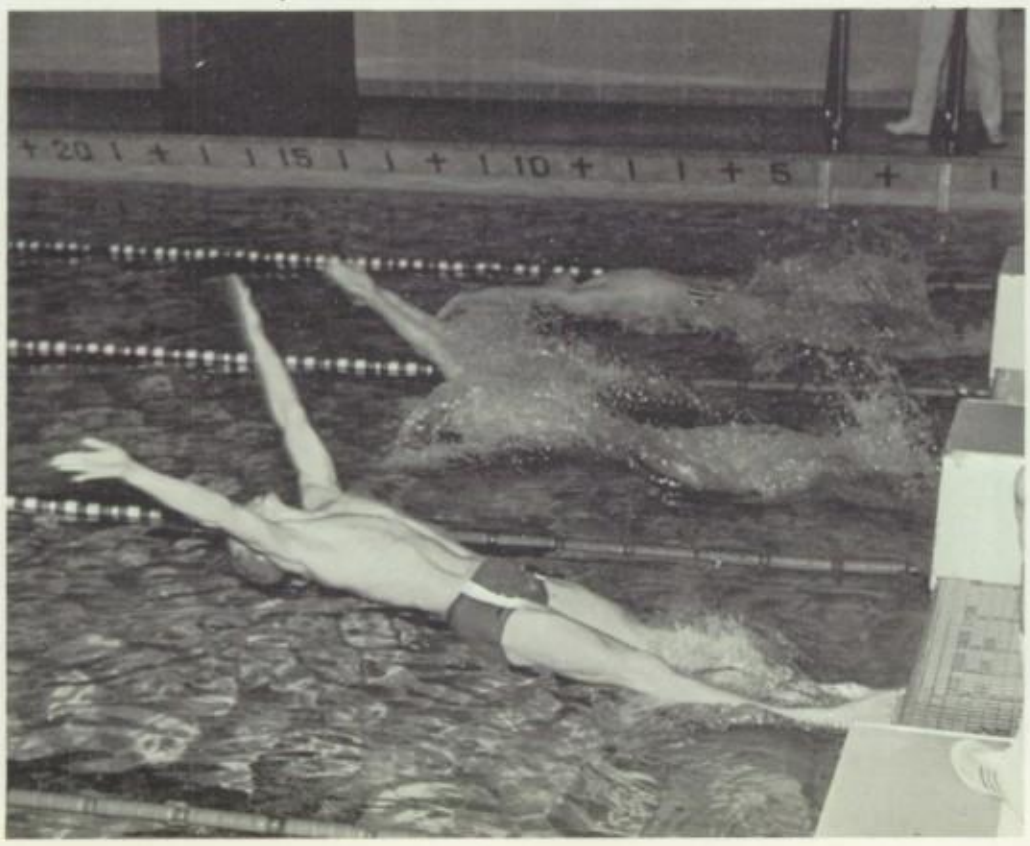
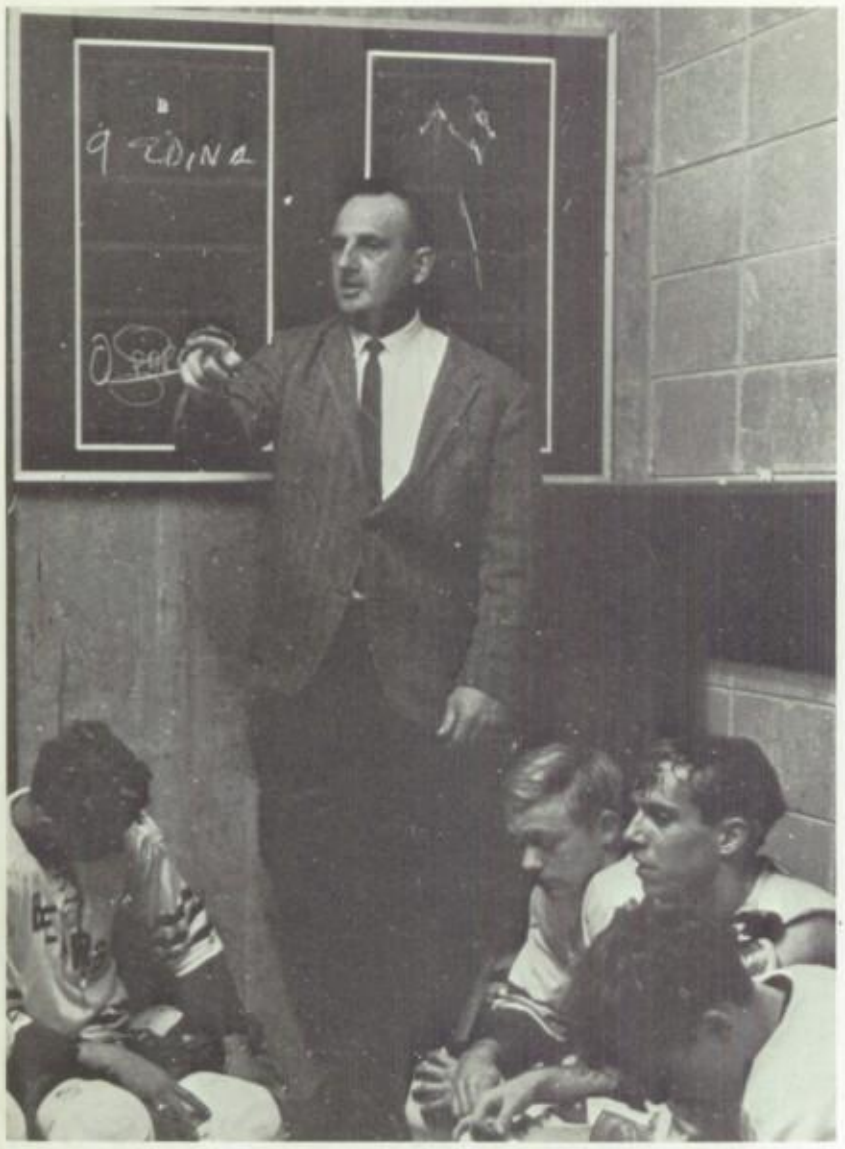
IN A POOL

Three returning lettermen, Mike Critchfield, and co-captains Craig Carlson and Randy Penrod ... but twelve young eager freshmen ... Things dragged on the bottom until Christmas ... spirits picked up ... when L.H.S. outscored two of last year's conference champs, St. Paul Murray and Roosevelt ... went to districts that brought in an 11th for Critchfield in the backstroke, a 10th for Carlson in the butterfly, a 10th for Hamren in the breaststroke, and a 4th for Penrod in the 100 and 200 yard ... Scott Loven, who will return next year as co-captain did very well in the individual medley 400 ... along with these swimmers, Craig Myrmel, Kurt Myrmel, and Jim Anderson dove in to help finish with good standings ... Individual improvement balanced by a new pride brought about a 7th place finish ... Five returning lettermen and a good group of freshmen promise strength in stroke for next year's team.





Coach Boesser, a former Olympic team member in '48, first entered the Bloomington School System at Penn Junior High in '63. In '64 he ascended his throne to L.H.S. and went on to coach the hockey team to a second place finish in the '65 State Tourney.
